

Sen. Fulbright Lashes Back at His Critics

FAYETTEVILLE, Ark. (AP) — Sen. J. William Fulbright, D-Ark., called criticism of him at this week's Freedom Forum at Searcy "statements of frustrated people, maladjusted to their society, and venting their spleen indiscriminately."

Several speakers at the 23rd annual forum at Harding College have taken verbal swipes at Fulbright. Tom Anderson, publisher of farm magazines, said Wednesday that the senator should be impeached.

Some of the speakers have boosted Dr. George S. Benson, president of Harding College and of the National Education Program, which sponsors the Freedom Forum, as a candidate for Fulbright's Senate seat.

In a statement during a visit to Fayetteville today, Fulbright said "These men are disproving their own thesis by having complete freedom to speak as they please, no matter what they say."

"The fact that these men from California, New York and other places far from Arkansas can come to the state and make the most extreme and irresponsible statements they please—exercising the American right of freedom of speech—is a denial of their theories that we have become a controlled, socialist nation of fearful people."

Fulbright lashed out at critics of federal aid.

"I don't think the people of Arkansas believe the rivers program or the road program, for example, are socialistic and will lead to communism," he said. "I am sure the people of northwest Arkansas do not believe the construction of Beaver Dam is socialistic or communistic."

"I do not think the federal government is the enemy of the people," Fulbright continued. "I do not subscribe to the assertion that everything in our country is wrong, and that we are going downhill and are a defeated people. I can look around and tell this is not so, and I am sure the great majority of the people do not believe it."

Fulbright was visiting Mr. and Mrs. Hal Douglas of Fayetteville, his sister and brother-in-law.

Radio Signals Bother Planes

WASHINGTON (AP)—The Federal Communications Commission is investigating reports that radio signals have interfered with operation of airplanes in central Arkansas.

An FCC official said there were indications the signals were coming from an electronic device used in a manufacturing plant. A mobile checking unit was sent from New Orleans to help pinpoint the source.

Frank Kratochvil of the FCC's monitoring bureau said in Washington he hopes the specific cause can be isolated in a day or two.

Kratochvil said FCC monitoring devices have picked up the signal as far away as Michigan and Georgia.

Bill Denman Announces for Prosecutor

Bill Denman, Jr.

The Star has been authorized to announce the candidacy of Bill Denman, Jr., for the office of prosecuting attorney. He issued the following statement:

"I am announcing my candidacy for the office of Prosecuting Attorney of the Eighth Judicial Circuit of Arkansas, subject to action of the Democratic Primaries. In order that you may know me better I am making this announcement and giving you a brief summary of my life and qualifications, and the reasons I desire to be your Prosecuting Attorney."

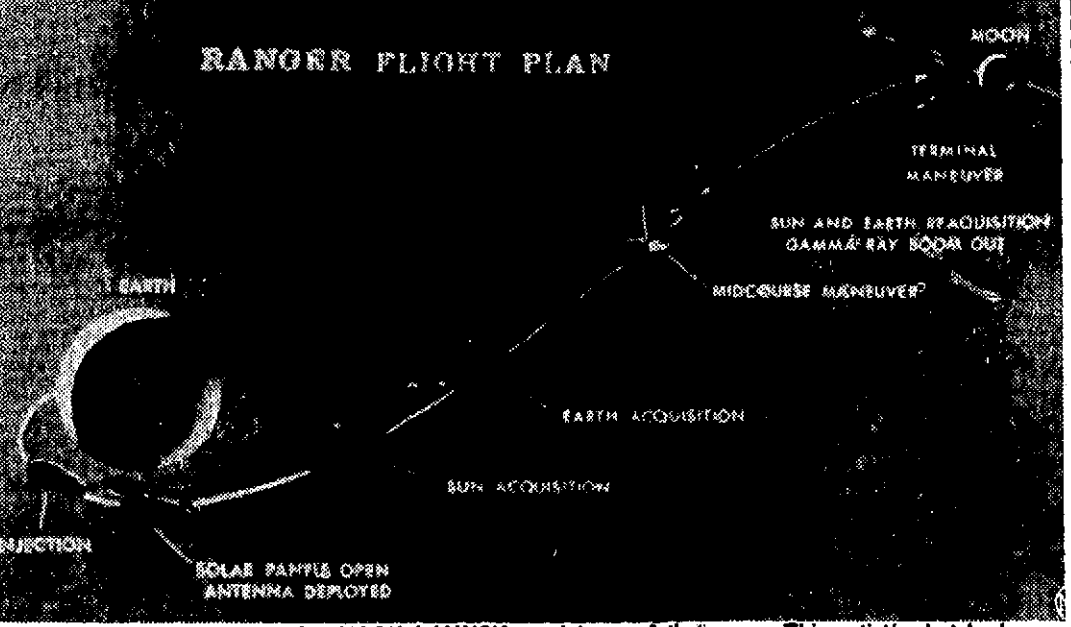

"I was born and reared in Prescott, Nevada County, Arkansas. I am 39 years of age, married and have one son who is six years old. I graduated from the Prescott High School; entered the University of Arkansas at Fayetteville and graduated from the University Law School in January, 1949. I am a member of the Presbyterian Church, ex-alderman of the City of Prescott, Arkansas, and ex-director of the Prescott Chamber of Commerce, a member of Nevada County Development Council and a member of the Court Reorganization Commission of the Arkansas Bar Association in 1950-1951."

"I enlisted in the United States Army on October 20, 1942, and served in Italy where I received the Combat Infantry Badge; the European African Middle Eastern Theater Ribbon with two Bronze Battle Stars for the Rome-Arno and the North Apennines Campaigns, was wounded on the 21st day of February, 1945, and awarded the Purple Heart, and honorably discharged on September 5, 1945."

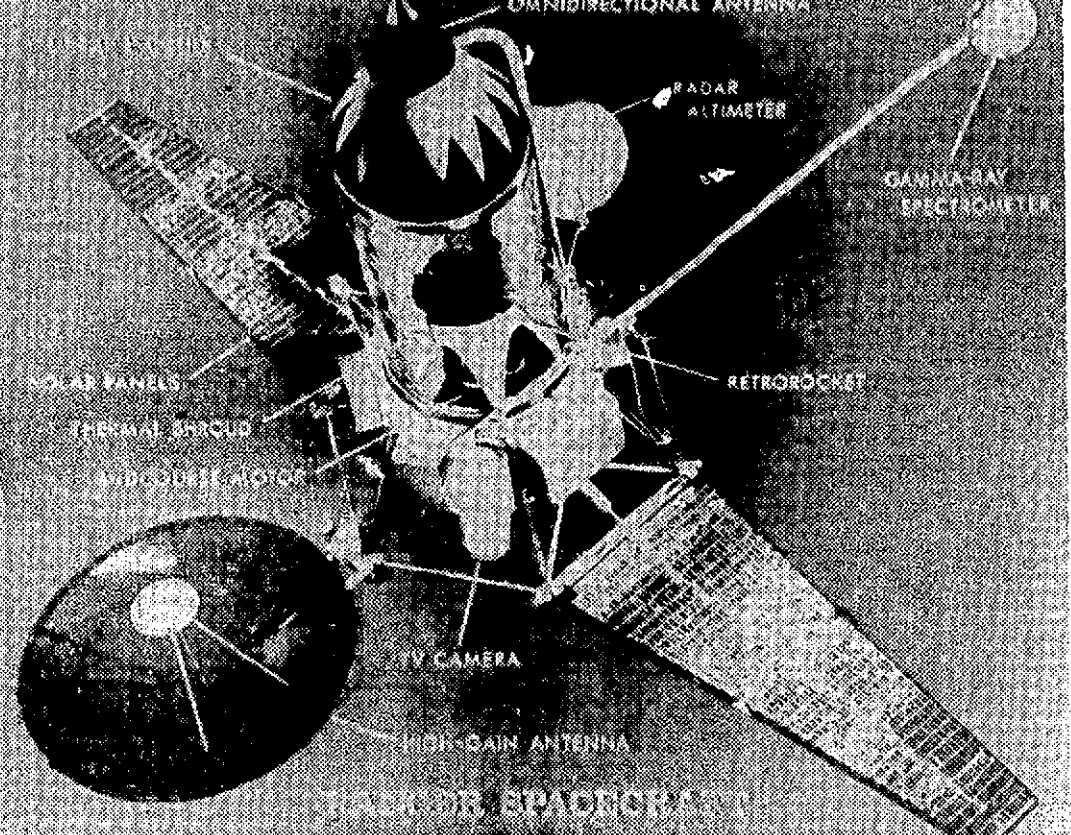

"After graduating from the University of Arkansas Law School I became associated with my father in the general practice of law under the firm name of Denman & Denman, Prescott, Arkansas, and have been actively engaged in the general practice of law for the past thirteen years. As a lawyer, I have had considerable experience in Probate, Chancery, Circuit, Supreme Court and Federal Courts in both criminal and civil cases which I feel qualifies me to ask you for the important office of Prosecuting Attorney."

"As we all know we are again in another great crisis and at this time when our way of life is threatened both at home and abroad, I feel that it is especially important that the rule of law under which we live is preserved. I feel that the office of Prosecuting Attorney is a very important office in preserving this rule of law, not only to prosecute the criminal but also to protect the innocent. It is my desire to conduct the business of this office in a courteous and businesslike manner."

"Nevada County has not offered a candidate for the office of Prosecuting Attorney for the past thirty five years. I will appreciate your vote and influence."

WILL ATTEMPT ANOTHER MOON LAUNCH — The National Aeronautics and Space Administration will launch Ranger 4 from Cape Canaveral, Fla., within a few days. It will be the second U. S. attempt to make closeup pictures of the moon. This artist's sketch shows some of the events that will take place after the Atlas-Agena B launch rocket injects the spacecraft into a lunar trajectory. — NEA Telephoto

RANGER-RANGER 4 WILL BE LAUNCHED by the National Aeronautics and Space Administration from Cape Canaveral, Fla., within a few days. It will be the second U. S. attempt to make closeup pictures of the moon to provide information on the composition of the lunar surface, and learn more of its history by means of an instrumented capsule designed to survive a lunar landing. This is a scale model of Ranger 4, which, in its cruise position, is 17 feet in span and 10.25 feet long. It weighs 730 pounds. — NEA Telephoto

Annual Free Easter Egg Hunt Sunday

The Hope Jaycees will have their Annual Easter Egg Hunt Sunday afternoon at Hope Fair Park for children of this area. The hunt will begin at 2 p. m.

The park will be closed from 12 noon Sunday until 2 p. m. during which time it will be roped into sections for the following age groups: 1 thru 3, 4 and 5, 6 thru 8, and 9 through 12.

Over 1,500 individually wrapped candy eggs will be hidden for this event. In addition, there will be prize eggs hidden in each section.

This is one of the outstanding events held for the children of this area by the Jaycees and all children are urged to attend.

Lily Day in Downtown Hope Sat.

Lilies will grow on the streets of Hope, Saturday, April 21, when the annual Lily Day is held throughout the business district to help raise funds for Crippled Children.

Led by Coach John Pierce, Lily Day is a feature of the 1962 Easter Seal Campaign. Students from Hope, Blevins, Guernsey and Saratoga will sell the lilies on the streets of Hope all day Saturday.

The 1962 Easter Seal Campaign is being held simultaneously by approximately 1400 Easter Seal State and local affiliates of the National Society for Crippled Children and Adults.

Approximately 90% of the funds raised remain in the state where raised to finance rehabilitation services for the area's crippled. The remainder helps support a national program of direct service education and research.

Services Sunday at Shover Springs
Services will be held at Shover Springs Baptist Church Sunday, April 22 at 8 p. m. The Rev. Roy Simms will bring the message. The public is invited.

Syphilis Shows Big Increase

LITTLE ROCK (AP) — Syphilis cases in Arkansas during the first quarter of 1962 increased 39 per cent over the last quarter of 1961, the state Board of Health reported today.

A total of 479 cases were reported, compared to 343 in the previous quarter.

Cases of gonorrhea declined from 2,136 to 1,919 in the same period, the report shows.

The overall venereal disease total declined from 2,481 to 2,399.

Firm Seeking Control of Crossett Co

NEW YORK (AP) — Georgia-Pacific Corp., big West Coast timber and wood products firm, Wednesday moved to acquire control of the Crossett Co. of Crossett, Ark.

Crossett owns 50,000 acres of Arkansas and Louisiana timberlands utilized in production of lumber, pulp, kraft paper, charcoal, chemicals and other forest products and derivatives.

Owen R. Cheatham, Georgia-Pacific chairman, and Brian P. Loefer of Bankers Trust Co., spokesman for interests with 26 per cent of Crossett shares, announced a first step.

Under an agreement between the parties, Georgia-Pacific Paper Corp., a subsidiary of Georgia-Pacific Corp., expects to offer \$35 a share for Class "A" and Class "B" stock holdings of the Crossett family and allied interests.

The arrangement is subject to approval of Georgia-Pacific directors and satisfactory financing.

Garrett Memorial Pageant Sunday

"The Challenge of the Cross" an Easter Pageant, will be presented Sunday night at 7:30 at Garrett Memorial Baptist Church under the direction of Mrs. Lyle Allen and Mrs. Billy Mitchell.

Jr. Auxiliary to Award Scholarship

A \$500 scholarship will be awarded to a deserving graduate of Hope High School who desires college work and will need financial aid. An average of B or better must be maintained through four years of High School work for a student to be eligible for this scholarship.

He will be chosen from a list furnished by the Principal of Hope High School. Preliminary screening of the student and his family will be done through the school with the final decision to be made by a committee of members of the Hope Chapter of Junior Auxiliary. This scholarship will be given to a boy or girl whose family cannot assume full financial responsibility of sending a student to college.

At the discretion of the Junior Auxiliary Committee it will be possible to renew the scholarship for a period of four years, or a different student may be chosen each year.

This student must maintain a C average in college work each semester otherwise the scholarship will be forfeited at the end of such semester of school work.

The Jr. Auxiliary Committee, with the cooperation of the enrollee student and his family will select the school in Arkansas which he will attend.

The Auxiliary will pay the tuition and part of the room, board, books, etc.

Any student receiving this scholarship who desires to repay all or any part may do so, and the money will apply toward the education of some other deserving person.

R. R. Garantlo, 59, Dies in Jackson, Miss.

Robert R. Garantlo, aged 59 of Jackson, Miss., died last night, April 18, at the home of his sister, Mrs. Alice Garantlo at Lunenburg, Va. and the word is others will meet.

Ushers: LaGrone Williams, as chairman; Ed Whitman, Dub Flowers, George Hartsfield, Bin McRae, Comer Boyett, Cecil O. Steen, Raymond Byers, Jewell Still and W. H. Gunter.

Parking: Jerry O'Neal and Boy Scouts and Jack Brown.

Public Address: Vic Cobb, Program, Ministers.

Overall Chairman, Roy Anderson.

U. S. Ready to Try Shot to the Moon

CAPE CANAVERAL, Fla. (AP) — The moon moves into a favorable position next week and the United States is ready to launch a gold-and-chrome-plated Ranger 4 spacecraft toward it to take closeup television pictures and record moonquakes.

Scientists hope that modifications made in the booster rocket and spacecraft will eliminate previous troubles.

A similar payload, Ranger 3, missed the moon by 22,862 miles Jan. 18 after a guidance malfunction resulted in excess speed by the Atlas-Agena B rocket. And a circuitry error prevented the camera aboard Ranger 3 from snapping lunar pictures when the payload reached its nearest point to the moon before zipping past and into orbit about the sun.

Monday is the first day of four days when the moon—about 235,000 miles away—will be in a desirable position for the launching. If the rocket cannot be fired during this period, the shot will be postponed until the next favorable period starting about May 20.

Ranger is the first of many instrumented spacecrafts the National Aeronautics and Space Administration intends to launch to the moon to pave the way for landing American astronauts there later in this decade.

Reds Maneuver to Keep U. S. From Testing

GENEVA (AP)—The Soviet Union launched a series of diplomatic maneuvers today in an attempt to block the American atmospheric nuclear weapons tests due soon in the Pacific. The United States and Britain stood fast against the pressure.

Soviet Deputy Foreign Minister Valerian A. Zorin called in the 17-nation disarmament conference for an unpoliced moratorium on testing—a move firmly resisted by the American ambassador.

Zorin demanded that the United States promise to refrain from conducting shots over the Easter holiday weekend. He declared the Soviet Union would not agree to a recess of the conference unless such a promise was received.

SAC in Control of New Base

DENVER (AP) — The Strategic Air Command assumed control of the nation's first underground intercontinental ballistic missile base Wednesday.

Beneath the prairie east of here, nine Titan I missiles became ready to carry nuclear warheads to targets 6,200 miles away.

This is the first of six Titan I squadrons, comprising nine missile launching sites each, to be activated this year. They will bring to 19 the number of missile squadrons in combat ready status in this country.

The squadron which became operational Wednesday is one of two to be activated this year at Lowry Air Force Base.

A Titan II complex is being built in central Arkansas.

Melton Is 4th in Race for Governor

By JOHN R. STARR

LITTLE ROCK (AP) — Marvin Melton of Jonesboro announced today as a candidate for governor, declaring he was not "worrying about opponents but about votes."

Melton made the anticipated announcement at a news conference attended by his family and about 60 supporters, mostly from north-east Arkansas.

He pledged "the most vigorous and active campaign ever put on in Arkansas."

"I intend to meet more people and shake more hands than any candidate ever has," Melton said. The news conference was broadcast over a Jonesboro radio station.

Melton said expressions of support since his dramatic withdrawal last Friday had convinced him he should run.

Melton became the fourth announced gubernatorial candidate, joining Rep. Dale Alford, D-Ark.; Kenneth Coffelt, a Little Rock attorney; and Odell Dorsey, owner of a North Little Rock electrical firm.

His commitment left only Gov. Orval E. Faubus and former Gov. Sid McMath as major subjects of speculation.

Faubus is expected back late this week from the Ochsner Clinic at New Orleans where he was admitted Sunday for a physical checkup. He has indicated he will seek a fifth term if his health is good. Faubus called his office Wednesday and told aides he was "feeling fine" but he didn't say how the physical exam was going.

McMath edged closer to making the race Tuesday night when a group of Little Rock supporters reportedly pledged more than \$56,000 to a campaign fund for him.

McMath, said Wednesday, he would commit himself by next Wednesday. One supporter said: "Continued on Page Two"

Reservists Released Are Happy

FT. POLK, La. (AP)—"It'll be a much happier Easter now," said Pfc. Bernis Owen after he was released from the post stockade on orders from President Kennedy.

Owen, 23, from Seadrift, Tex., freed Wednesday, had served three weeks of a six-month, hard-labor sentence by a court-martial which found him guilty of disrespect to his commanding general. He also was fined \$50 a month.

In Washington, President Kennedy told a news conference he was remitting the sentence and also releasing another Reservist "in the spirit of Easter week."

The other man was Pfc. Larry D. Chidester of Salt Lake City, Chidester, 24, had been facing court-martial at Ft. Lewis, Wash., for suggesting among other things that perhaps Kennedy figured "the jobs left open by our callup will re-elect him on the basis of low unemployment."

The President ordered Chidester's court-martial canceled.

"I'm very happy," Chidester said, "and it's something I deeply respect the President for, now more than ever. Regrets? My only regret is the trouble it caused for the military. I did not intend to do that."

Chidester criticized Kennedy in a letter to Sen. Wallace F. Bennett, R-Utah, and encouraged 74 other men in his outfit—the 115th Ordnance Co., a Utah National Guard unit—to sign the letter.

In Owen's case, he was accused of having said the general's order halting "we-want-out" demonstrations was "a hilarious climax to a chain of injustices."

After leaving the stockade, Owen packed his gear and moved out to join his company in the field. He is in Company D, 4th Armored Rifle Battalion, 49th Armored Division of the Texas National Guard.

Annual Sunrise Easter Service 6:30 a. m. Sun.

The 26th annual Easter morning worship service will be held at 6:30 a. m. Sunday in Hammons Stadium. The program follows: Prelude, "Gloria" by Bill Land Hyman, led by Rev. Joseph Geno Call to Worship, Rev. Rufus Sorrells.

lest ban which conform to Moscow's ideas on enforcement.
 The United States and Britain said they also would be willing to use the neutralist proposal for negotiating purposes provided the

He resigned that position recently. In 1961 Melton was a member of a six-man goodwill team sent on a tour of South America by the federal government.

As state president, he toured the state at his own expense, pleading for co-operation in "improving the image of Arkansas." One of his projects was a campaign to clean up eyesores along state highways.

Melton was mentioned as a possible gubernatorial candidate in 1960 and his name figured prominently in speculation about the 1962 race during the past two years.

Soviets accepted the concept of scientifically sound international enforcement.

The American and British delegations said they, too, were willing to negotiate on the neutralist plan if the Soviet Union would accept the principle of an international control system and of on-site inspections.

The plan was submitted three days ago by the eight nonaligned countries at the conference—Brazil, Burma, Ethiopia, India, Mexico, Nigeria, Sweden and the United Arab Republic.

The eight countries tried to bridge the differences on inspection and control dividing the Soviet Union from the United States and Britain.

Dean said the Soviets "are accepting what is in their favor but rejecting what they are opposed to."

"The Soviet Union is ready to stop tests if the Western powers do," Zorin said. He claimed that fruitful negotiations can not be carried out in Geneva if tests are

Conway Cage Coach Dies

CONWAY, Ark. (AP) — Phil Grummer, 24, basketball coach at St. Joseph High School here since 1959, will move to Subiaco Academy next season as head basketball coach.
 Grummer will succeed Jim Collier, who will take over the head football job at Subiaco. Grummer was St. Joseph's first and only basketball coach. The school did not have a symposium when he arrived.

going on.
 The Soviet move came less than 24 hours after President Kennedy told a Washington news conference that the United States intends to proceed with the tests in the Christmas and Johnston Island areas. Only a change of views by the Kremlin can alter this situation and there is yet no sign that it is about to do this, the Pres-

SOCIETY

Phone 7-3431 Between 8 A. M. and 4 P. M.

Calendar

Thursday, April 19

The Rose Garden Club of Fulton will meet Thursday at 7 p. m. in the home of Mrs. W. L. Williams with Mrs. Glen Ford and Mrs. Jim Voss as co-hostess. Mrs. P. O. Hughson has charge of the program.

The VFW Auxiliary of the Ramsey-Cargile Post will have an Installation Banquet Thursday April 19 at 7 p. m. in the home of Mrs. Jettie Lloyd.

Friday, April 20

The Willisville F. H. A. Chapter will present the National Deep South Quartet on Friday April 20 at 8 at the Willisville High School Auditorium. Admission will be \$1 for adults and 50c for children.

The Dorcas Sunday School Class of Garret Memorial will meet on

Friday, April 20 at 6:30 p. m. in the home of Miss Gwan Frith for a pot luck. All members are urged to be present.

Wednesday, April 25

The Women of the First Presbyterian Church will celebrate their 50th birthday Wednesday, April 25 at 7:30 p. m. Maj. Carl Green will present the program on Guidance, Counseling. The Seniors participating in this program will be Suzanne Boodi, Mary Gail McRae, Tina Pilkinton, Roy Allison and David Stewart. Everyone is invited. The meeting will be in Fellowship Hall.

DeAnn Lilac Club Meets

Mrs. Hollis Samuel and Mrs. Leroy Samuel were co-hostesses for the meeting of the DeAnn Lilac Garden Club in the home of the former on April 17. The president, Mrs. Hollis Samuel, called

the meeting to order. After Mrs. Leroy Samuel had brought the devotion, the group was led in prayer by Mrs. Hollis Samuel who also gave the thought of the month. Officers for the past year were re-elected. Other business was routine.

Mrs. Wayward Burke presented an interesting and helpful program on flower arranging and making a container from material found at home. Each member brought a mass arrangement called "Springtime." In judging, Mrs. C. R. Samuel was first and Mrs. Roy Burke was second. Refreshments were served to nine members and one guest, Mrs. Adam Thomas of Prescott.

Tuesday Bridge Club Meets

A local Tuesday Bridge Club met with Mrs. Rob Jones, April 17. The two tables of players included one guest, Mrs. Tom Kinser. Spring arrangements of lilacs and other flowers were seen in the home.

Mrs. Dewey Camp was the high scorer for the afternoon and the game prize went to Mrs. Kinser. Dessert and coffee were served for refreshments.

Lilac Garden Club Meets

Mrs. B. W. Edwards home was the scene of the Lilac Garden Club meeting on Wednesday, April 18. The president, Mrs. Edwards, called the meeting to order and Mrs. Lloyd Kinard reported on the Poultry Festival Queen contestants which the Lilac Club was to obtain.

The club president reported on the state garden club convention she had attended in L.R. She also discussed plans for the flower show. Members received rose bushes donated by Montgomery Ward.

The eight members were served chiffon cake, nuts and coffee.

Centerville 4-H Club Meets

The Centerville 4-H Club met April 12 at 7:30 in the Community Building. The meeting was called to order by Larry Carlton, president. The devotional was given by Brenda Underwood and prayer was by Jessie Jones.

Roll call was answered. Demonstrations were given by Carolyn Beck and Sheryl Bright. Special numbers were by Carolyn Beck, Barbara Piercy, Linda and Nancy Langston. During the business sessions, discussions and plans were made to have a winner roast and party May 4 at the Community Building.

The group played games and sang during the recreational period. Refreshments of cake and cold drinks were served by Barbara Piercy and Nancy Langston to 22 present which included three leaders.

School Plan Vetted by Atty. Gen.

LITTLE ROCK (AP) — The attorney general's office vetoed today a plan the Stuttgart School District had discussed as a means of raising construction funds.

Earl Daugherty, a member of the Stuttgart School Board, had asked if the school district could propose two separate millages in the 1962 election—one for regular school operation purposes and an additional 10-mill pledged to construction.

Daugherty was advised that the state constitution prohibits separating millage proposals on school election ballots.

Daugherty said Stuttgart voters have rejected proposed millage increases for construction each of the past two years, he said. The school district is getting into a financial bind as a result, he said.

Daugherty said the proposed 10-mill tax would provide construction funds at the rate of about \$150,000 a year and the school district could complete needed buildings within five or six years with this amount of money.

In another opinion, the attorney general's office advised Cummings Prison Farm officials that part of a prisoner's sentence cannot be suspended after the man is received at the prison farm.

Maj. Alan Templeton, supervisor of records at Cummings, said Lonoke Circuit Court had filed an amended commitment order on one Billy Earl McCarver, who was serving a three-year sentence for burglary and grand larceny. He amended order suspended 18 months of the sentence.

Templeton was advised that the trial court loses jurisdiction over a prisoner once he begins serving a sentence.

Warns U. S. to Proceed With Tests

By JOHN M. HIGHOWER

WASHINGTON (AP)—President Kennedy asserted bluntly today that "we shall proceed" with the impending new round of nuclear weapons tests over the central Pacific unless Russia drops its opposition to international inspection as part of a test ban agreement.

Kennedy told a news conference that indications for a Russian reversal are "negative." Tests are expected to begin in about a week.

Kennedy acclaimed a new U.S. disarmament treaty proposed at Geneva today as a "major effort to achieve a breakthrough" in negotiations with Russia and other countries on abolition of national arms and armed forces by stages under strict safeguards.

In response to a question Kennedy said no exact date had been set for the first test shot but that the timing fixed in early March—for a start at the end of April—still stands.

From other sources, it was learned the first explosion is due, subject to weather conditions, in about one week.

In response to another question Kennedy said the United States still would prefer an agreement to end all tests explosions under an international inspection system. His offer to that effect, made March 2, is still open, he said.

But he added that "the chances of securing agreement now seem

Coming and Going

Mrs. Lorraine Royston, Teddy and Johnny of Dallas spent the weekend with Mr. and Mrs. C. E. Brooks.

Mrs. Frank Baggett of Memphis visited Monday and Tuesday with her parents, Mr. and Mrs. B. L. Rettig.

Mr. and Mrs. R. L. Ponder Jr. have returned to their home in Weatherford, Tex. after spending 10 days at the bedside of his father, R. L. Ponder and visiting Mrs. Ponder and Susie.

Mrs. Dorothy Eastlund of Los Angeles, Calif., arrived Wednesday to see her mother, Mrs. Rowland Pearson and Mr. Pearson.

Attending the state PTA convention in Little Rock Monday-Wednesday were Mrs. Don Westbrook and Mrs. George Young of Garland, Mrs. Brack Schenck of Brookwood; Mrs. Thompson Impson and Mrs. Dean Murphy of Paisley.

Mr. and Mrs. A. M. McDowell of Ft. Worth and Mr. and Mrs. Wallace McDowell and baby of Irvin, Texas were Saturday night guests of Mr. and Mrs. J. S. McDowell.

Mr. and Mrs. Brooks Collins had as their Sunday guests Mr. and Mrs. Aubrey McDowell of Ft. Worth; Mr. and Mrs. Wallace McDowell and baby of Irvin; Mr. and Mrs. Louis Sowder and sons of Spring Hill, La.; and Mr. and Mrs. Chester Hunt, Mr. and Mrs. Lloyd Turner and baby all of Hope.

Magic Formula For the Very Shy

By HELEN WORDEN ERSKINE

Dear Helen: Despite all the letters you receive to the contrary there are a lot of happy people still enjoying life in this country, including my husband and myself. We are the parents of seven splendid children and, though not rich in material possessions, have wealth beyond measure in our home and church, which we attend regularly as a family.

I teach an adult Sunday school class, bake 18 to 20 loaves of homemade bread a week, keep house, and am active in various organizations, especially the PTA and our local chapter of International Toastmistresses, a club which makes extraverts out of introverts. Willy-nilly, we've got to speak up at every meeting. The first few times are the hardest. After that, thinking on your feet comes naturally. Practice is the key.

If it weren't for toastmistresses I'd still be tongue-tied. Tilly, a liability to myself and my husband at every social gathering. As it is, I actually enjoy parties and find myself deliberately taking the lead in conversation.

There are 23 women in our chapter from all walks of life: housewives, business and professional women; church workers, PTA and club members.

In addition to routine homemaking chores I think every woman should have a creative outlet, whether it be fancy work, writing, special cooking, painting, knitting or some other handicraft. Local schools, the Y.W.C.A.

negative" in view of the stand taken by Soviet Premier Khrushchev in rejecting any international inspection whatever.

and other agencies offer classes in these activities. In my spare time I bake and decorate fancy cakes which become a conversation piece at parties. —Released.

Dear Helen: Do we parents of today have to buy our way? It would seem so to my husband and me. As long as we give, our son and his family take; but, once we stop, our only recognition is the cold shoulder treatment. Now, we've just been omitted from their family get-together this Easter Sunday. As usual, our daughter-in-law's parents and relatives are going en masse. Same story last New Year's and Christmas. I wish our son and his wife could find it in their hearts to love us spontaneously for ourselves and not because we've let them take our car or bank account for a ride. This latest slight is a rap on the wrist for calling a halt to the one-sided giving. Should we ignore it, or explain away? —Disgusted.

Dear Disgusted: To explain is only to provoke angry denials and recriminations. Ignore the slight and prove your independence by finding something else to do Easter Sunday. Make it a memorable day for your husband and self. He and not your children, should come first with you. Do what he likes to do. Once you and he establish a life of your own, your son and his wife will shower you

with invitations. But, having learned your lesson, be reserved.

Dear Helen: Everything was fine in our neighborhood until a stupid family moved in, the wife a mother with several children, leaps out of bed every morning and roams the block looking for a cup of coffee. As a rule, she lands at my place, leaving children and husband to go to school or work, breakfastless. He does the only cooking done.

The house is a mess. Neighbors claim the wife can't stay home long enough to take a bath. Nights are the same, with her usually winding up at my house. As a result, the husband has taken to drink and the children to the streets. How can we get rid of this pest? —Irate Neighbor.

Dear Irate: You and your neighbors are as much to blame as the Wandering Wife. If she isn't welcome, say so. You don't have to take her in. Be realistic. But, since she and her family are entrenched, it would be wise to help them help themselves. Next time she panhandles, be firm but Frank. Say you simply haven't time to stop for a coffee break, and neither should she, with a family to look after. Suggest that you and the neighbors lend her a helping hand one day a week until she gets her home in running order. You and they might even pass along some short cuts. In other words, be neighborly in the true sense.

Send your problem to Helen Worden Erskine care of this newspaper. Be sure to enclose a stamped, self-addressed envelope. Helpful leaflets available. Write for "Neighbors."

Lower Costs Result

LITTLE ROCK (AP)—Negotiations with rail carriers have resulted in lowered transportation costs on materials for Little Rock area iron and steel companies, the Chamber of Commerce here said Wednesday. The C of C said the adjustment will be effective May 28 and will represent a reduction of \$2.80 per net ton in shipments from the Pittsburgh area.

Considered to be Ireland's national dog, the Kerry blue terrier first was bred in County Kerry about 1835.

Prosecuting Attorney BILL DENMAN, JR.

Doesn't See Ben Worthy of Big Raise

By RICK DU BROW United Press International

HOLLYWOOD UPI — It was too hard to resist watching "Ben Casey" Monday night. How can you ignore a guy who's asking for a \$5,750-a-week raise?

That's what Vincent (Casey) Edwards wants. He gets only \$1,750. He wants \$7,500. Well, you can imagine the thrill of watching a fellow who has a hammerlock on his boss — and the fascination of trying to figure out which cow is worth \$100 more, without insult \$500, and so forth.

As it turned out, two brilliant acting performances were far more fascinating than Casey. They were by Japanese actress Yoko Tani as a blind girl and Eddie Firestone as a bumbling, homely hospital orderly who falls in love with her.

For a while, it looked as if we might be in for one of the finest shows of the year. The crux was Casey's trying to convince the girl and his superiors that her blindness is a psychological problem he can't cope with. Once again, he goes the treatment, leading one to suspect that he is not merely human, but perhaps incompetent.

Orderly Offers Warmth

The orderly, meanwhile, sees things more clearly than Casey. He gives the girl the human warmth and attention she needs. Their private scenes in her hospital room, in which the orderly — whose life has not amounted to anything — gently gives the girl the courage to keep on living, were poignant.

Unfortunately, the climax was contrived. Firestone sneaks Miss Tani out of the hospital for a good time at a low-down dive. Even a bumbler would know better than to take a hospitalized blind girl to such a place. A bruiser asks Miss Tani to dance. His girlfriend gets angry. There's a fight. An inflammable substance is dropped, and there's a fire. The orderly and blind girl are burned, she on her face. When the bandages are removed, she can see.

As for Casey, he was par for the night. He told off his boss and offended a patient. Once he's almost laughed, but he's no fool: he knows his price would drop if he got caught acting human. Anyone can laugh. It takes talent to be attractively offensive.

Can't See Difference

Frankly, I couldn't see a \$5,750 difference in his performance. But he knows he has set the adrenalin flowing in the nation's ladies, and that's what really counts. You have to respect a fellow who knows his commercial worth — even if he wasn't supposed to get

the series in the first place. It was offered originally to Cliff Robertson, who'll play President Kennedy in the movie "PT 109."

But Robertson turned it down. Anyway, tune in next week. The coming attractions Monday night showed a nurse slapping a patient. That's the kind of hospital for me. Doctors insulting patients. Nurses slapping them. Orderlies sneaking them out.

I'm writing to the American Medical Association.

The Channel Swim: Yvonne DeCarlo and Dennis O'Keefe star on ABC-TV's "Follow the Sun" Sunday. Earl Holliman and Geraldine Brooks headline CBS-TV's "G.E. Theatre" same day.

Bob Cummings, whose CBS-TV series folded, will star this fall in a comedy stage show, "The Perfect Set-Up," aimed for Broadway.

Celeste Holm guests on ABC-TV's "Follow the Sun" April 29 and same network's "Alcoa Premiere" May 15.

George C. Scott, who disowned his Oscar nomination for "The Hustler," stars with Paul Richards May 16 in ABC-TV's "Naked City" in a tale about a poet who is disillusioned by a Latin American revolution. Jeanne Crain appears in a suspense story on CBS-TV's "Steel Hour" May 10.

Cutback in Steel Prices Was Planned

By NORMAN WALKER Associated Press Labor Writer

WASHINGTON (AP) — President Kennedy, it was reported today, seriously considered in the midst of his recent battle with the steel industry a recommendation to Congress to legislate a steel price rollback.

The President is described as having been extremely reluctant to take the step. But he definitely had aides working up such a plan for possible use if it had been necessary in his administration's drive to get the major steel companies to rescind their price boosts.

The idea was to require a return to the lower steel price level for a specified cooling off period during which there would have been hearings and discussion of any necessity for higher steel prices.

This is much like the present Taft-Hartley law arrangement in which labor unions are required by court injunction to refrain from engaging in strikes during 80-day cooling off periods while issues are supposed to be aired and thrashed out.

Other price restraint legislative moves were also being considered in the midst of the administration maneuvers to squelch the steel price jump. One such move was reported to be a simple resolution to Congress condemning the price increases. These moves are now on the shelf — now that congressional committees are planning investigations and the crisis is considered to be over.

A House Antitrust subcommittee hearing on steel prices was to open May 2, but a short postponement was announced Wednesday. No new date was set.

At his news conference Wednesday Kennedy said he had no ill will against the steel industry or its leaders or, in fact, any segment of American economic life because he expects them all to work together to achieve stability and the nation's goals at home and overseas.

He made clear, however, that he expects his policies of wage-price restraint to be observed. In that connection he mentioned the next most important labor bargaining situation in the missile-space and aircraft industry.

Another facet of the recent steel price situation has just come to light. This is that Kennedy at the outset of his showdown battle with the steel industry figured his chances of winning were very remote.

In fact, an initial draft of his angry statement denouncing "a tiny handful" of steel executives as profit-greedy and irresponsible contained an outright call for a cancellation of the price increases.

With the other major steel companies announcing one by one at the time that they were following the price boost lead of U.S. Steel, Kennedy toned down the wording to read that the nation's economy would be badly upset unless the price increases were rescinded.

Encouragingly.

"Yes," said Kathryn, her eyes focused on the distance, "the quite literally never thought about anybody else at all. I don't think they had any existence for him unless they stood in his way or could help him. And then they were just

once again. An estimated 5,000 more troops were summoned from the provinces to Buenos Aires.

Guido was reported standing firm against the military demand, but his new government began to wilt under the same pressures the military put on President Arturo Frondizi before ousting him last month.

Interior Minister Rodolfo Martinez resigned and charged the government was planning to defy the constitution by taking over the provincial governments. Labor Minister Oscar Guigors hinted that he also would quit.

There was no immediate reaction from the Peronists. But they have repeatedly warned of social disturbances unless the government allows the many Peronist victors in the March 18 elections to take office on schedule May 1.

Leaders of the 3-million-member Peronist-dominated General Confederation of Labor arranged to meet Tuesday to map strategy.

Informed sources said Guido turned down the military's demands in a 90-minute meeting Wednesday night with the three service secretaries, the army's Gen. Raul A. Poggi, the navy's Rear Adm. Gaston Clement and air force's Brig. Jorge Rojas Silveira.

The military chiefs demanded that Guido:

1. Order federal intervention in the 17 provinces still under local control, replacing their elected governors with federal appointees approved by the military;

2. Nullify the March 18 elections in which the Peronists drew more than 2.5 million votes, elected governors in nine provinces and won 43 seats in the national Chamber of Deputies;

3. Once again ban Peronists and their allies, including the Communists, from political activity; and

4. Scrap labor legislation the military considers too favorable to the Peronist unions.

OUR ANCESTORS by Quincy

"I know it's lunch time, but I can't decide whether I want a bale of hay or a thick, juicy steak!"

BANKING ON DEATH BY EMMA LATHEN

Chapter 28

Kathryn was moved to protest at his suggestion that she simply shrug off the threat of being charged with murder and turn her mind to really important problems.

"But what about the boys? I know they'll have money, but they're only seven and nine. Who will take care of them? I can't just forget about them!"

"That's the next thing I want to discuss. Linkworth, of course, will go into this thoroughly and he may have other suggestions. Your sons will require a formal guardian. Do you know if your husband made any arrangements?"

Kathryn spread her hands in a hopeless gesture. "Bob didn't care about the boys. I doubt if he remembered their existence. He hasn't seen them in seven years. In fact, he has never seen Donny — the younger boy — at all."

"He sounds like a strange man," said Thatcher sympathetically. "He was delighted that Kathryn Schneider had been induced to talk about her dead husband voluntarily."

"Yes, nobody really understands how strange. For some reason, I have been able to think of him much more calmly and reasonably since he's been dead. Before, I was always so resentful and hurt that everything he did seemed directed against me. He was the one who was unreasonable and yes, inhuman — but underneath I felt that it was I who had been a failure. But now I know, he was the same with everybody, and nobody could have had a normal marriage with him because he just wasn't normal."

"Indeed?" murmured Thatcher encouragingly.

"Yes," said Kathryn, her eyes focused on the distance, "the quite literally never thought about anybody else at all. I don't think they had any existence for him unless they stood in his way or could help him. And then they were just

er was agast.

"Yes, Captain Self is still looking. He thinks Bob may have had a safety deposit box nobody knew about. There may be a box, but I'm sure there won't be any will. I tried to talk to Bob about one when Allen was born, but he just wasn't interested."

"And you haven't hired a lawyer? You'll have to see Linkworth as soon as he has an hour free. There will be intestacy proceedings and the sooner you start them the better. You will want to have yourself appointed administratrix. Then we come back to the problem of guardianship. My suggestion is that we have a joint guardianship composed of yourself and the Sloan Guaranty Trust. That will simplify the problem of handling the trust income and any advances of trust principal, if that should be necessary, and we can take charge of their business affairs generally. In the unlikely event that you should be arrested we can step into the breach and arrange for their welfare."

"A bank?"

"Oh, yes, we do it quite often. If there are any relatives, your sons could stay with them, but a bank officer would be charged with supervising their upbringing."

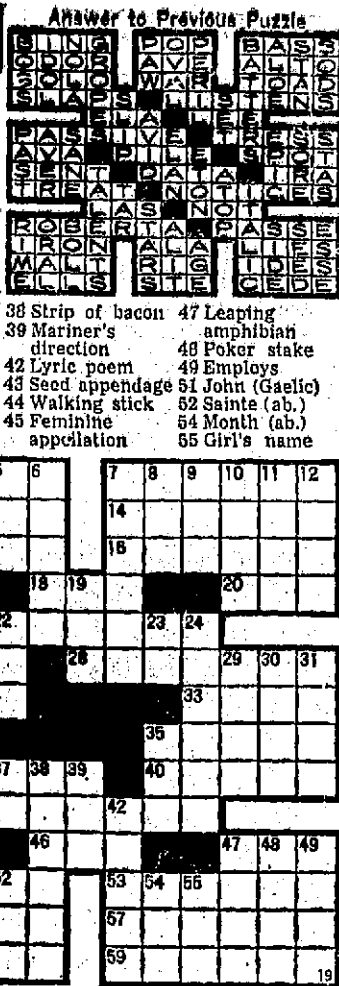

"Yes, there are Fred and Ellen. The boys are with them now. I didn't want them to be here with an investigation going on into the death of their father."

"Very natural. That should present no difficulty then" — Thatcher refrained from suggesting that most relatives are not reluctant to take in two small boys who have an assured income of respectable magnitude — "

Orioles Whip Champions Behind Pappas

By MIKE RATHET
Associated Press Sports Writer

A month ago Mill Pappas' side was thrashing. Today his right arm was throbbing. But Baltimore Manager Billy Hitchcock was smiling.

Making his first start since he climbed out of a hospital bed last month, Pappas set the New York Yankees down on two hits for six innings and accounted for the game's lone run as the Orioles whipped the world champions 1-0 Wednesday night.

The 27-year-old right-hander, rushed to the hospital in March for an appendectomy, allowed only two singles and one walk while providing the Orioles with the run they needed on a 340-foot homer in the fifth inning.

Hoyt Wilhelm, 38, the veteran knuckleball specialist, came on to preserve Pappas' triumph when his arm stiffened. Wilhelm got six straight Yanks, then had to pitch out of a one-out, bases-loaded jam in the ninth to nail it down.

Don Mossi pitched a five-hitter for Detroit's 5-1 victory over Washington, Chicago's White Sox edged Minnesota 2-2 and the Los Angeles Angels defeated Kansas City 3-2 in other American League games. Cleveland and Boston were not scheduled.

In the National League, St. Louis clobbered New York's Mets 15-5, Milwaukee whipped San Francisco 6-4, the Chicago Cubs outlasted Houston 3-2 in 10 innings, Cincinnati walloped Los Angeles 14-0 and Pittsburgh nipped Philadelphia 4-3.

Pappas' homer was the sixth of his career, and the first hit off Yankees' starter Bill Stafford, who left for a pinch hitter in the eighth after checking the Orioles on two hits.

The only run off Mossi was an unearned tally that came across in the seventh when Dale Long and Willie Tasby singled and Steve Borms threw wild on Bob Johnson's grounder. The Tigers, however, had already built a 5-0 lead against Joe McGinn as Al Kaline hit a first-inning homer and started a four-run rally in the fourth with a double.

Homers by winning pitcher Ray Herbert and Al Smith gave the White Sox an early lead before the Twins tied it. Floyd Robinson won it for the Chicagoans with a run-producing single off Don Lee in the sixth.

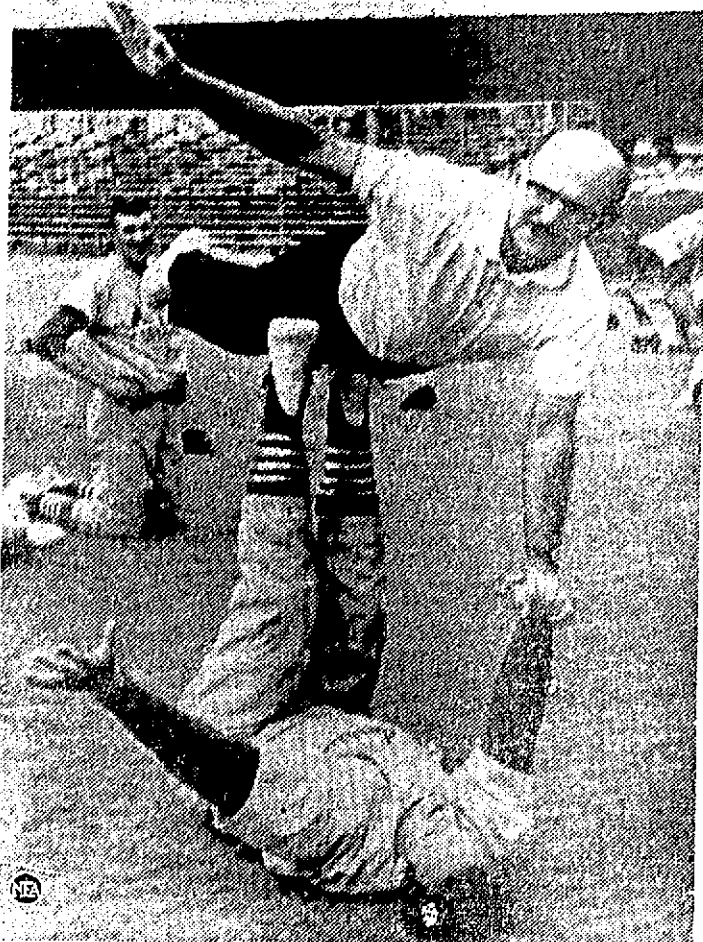

Do Belinsky, making his first major league appearance, got the victory over the A's with Art Fowler's three-inning relief help. Belinsky also drove in the tie-breaking run in a three-run fourth inning with a single after Billy Moran's bases-loaded single had tied it for the Angels. Norm Bass was the loser.

State Defeats North Dakota

JONESBORO, Ark. (AP)—Arkansas State College rallied in the bottom of the ninth inning to nip the University of North Dakota 3-2 in a baseball game here Wednesday.

The game was sparked by the running antics of Sammy Ward, who was at bat four times, reached first base three times and stole three bases.

Arkansas picked up one run in

New Fishing Law Now in Effect

LITTLE ROCK (AP)—A new state Game and Fish Commission regulation passed Monday went into effect today.

The regulation says it is unlawful to attach mechanical fishing devices on a line or wire horizontally above water, to leave mechanical fishing devices unattended, or to suspend more than one device from a single tree limb or other support.

The penalty for violating the regulation is a fine of not less than \$10 nor more than \$250. Enforcement officers discovering violations of the regulations will confiscate the equipment involved.

The regulation applies to all mechanical devices, including yoyos.

Hendrix College Professor Dies
CONWAY, Ark. (AP)—Dr. Martin J. McHenry, 73, former professor of chemistry at Hendrix College, died at his home here early today.

He left the college in 1954 and had lived here in retirement since. He was regarded as one of the state's leading chemistry instructors.

McHenry was a native of Jacksonville. He graduated from Hendrix in 1909 and joined the staff in 1911. He became professor of chemistry in 1918.

He was a former president of the Arkansas Academy of Science and a former member of the Arkansas Basic Science Board.

Survivors include his widow and two daughters. Funeral arrangements are incomplete.

Benson to Tour South America
SEARCY, Ark. (AP)—The Harding College board of trustees has approved a two-week South American tour for Dr. George S. Benson, president of Harding, to allow him to study political and economic conditions.

Dr. L. M. Graves, president of the board, said today that the trip will begin about April 25.

Graves said that while Harding has a general policy of retiring its faculty members and administrators at the age of 65, it can retain personnel on a year-to-year basis until the age of 70.

Benson will be 65 in the fall of 1963.

Graves said the board has the option of retaining Benson as president and that "any announcement of retirement at this time would be premature."

Celtics Down Lakers for Pro Crown

By BOB SALMON
Associated Press Sports Writer

BOSTON (AP)—The Boston Celtics — possibly the greatest team in basketball history—wore their latest world championship crown with a cocky tilt today.

The crown wasn't anything new. The Celtics first won it in 1957.

But the victory Wednesday night that earned them their fifth title in six years and their fourth straight National Basketball Association championship was a special one—particularly appreciated because it was won the hard way.

A critical manpower problem brought on by injuries and personal feuds couldn't stop Boston from driving to a 110-107 overtime triumph over the Los Angeles Lakers at Boston Garden. Boston won the best-of-seven final series, 4-3.

Veteran Carl Braun perhaps summed up the feelings of the Boston players, old and young alike, when he bubbled:

"I've got permission from owner Walter Brown and I'm keeping my Celtics shirt. I may even wear it to bed."

Spirit like Braun's was what enabled the Celtics to do what no other NBA team ever had managed before—win the title four years running. Boston now has won the championship five times in the last six years.

But if the Celtics were the greatest, the Lakers weren't far behind, as Los Angeles Coach Fred Schaus pointed out. The Lakers came within an inch or two of becoming the new world champs on a tremendous last-minute rally in regulation time.

The drive was engineered by Frank Selvy, who dropped in his only two baskets of the night in the final 40 seconds to tie it 100-100. Selvy barely missed a winning basket with three seconds left.

"I thought it was all over when Selvy shot from that corner," said Celtics Coach Red Auerbach.

"The guys won it, though, and it was one we had to win."

"We're an aging club and if we hadn't won this one it would have made it rough psychologically for the guys in the future. But now we're still the champions and the rest of the league still has to catch us."

Injuries hampered the play of Bob Cousy, Bill Russell, Frank Ramsey and Tom Heinsohn. Then in the fourth period Tom Sanders, Jim Loscutt and Heinsohn fouled out. Ramsey following in the opening seconds of the five-minute overtime session.

Unsung Sam Jones, however, came up with five points in the overtime period and Russell added four. That gave Jones 27 for the night, 25 of them after the first half.

Contributions to Politics Favored
By WHITNEY SHOEMAKER
WASHINGTON (AP)—A bipartisan commission today recommended tax incentives for presidential campaign contributors to encourage massive participation in U.S. political life.

The commission, in a report to President Kennedy, estimated the 1960 over-all political spending at between \$165 million and \$175 million. It rejected for the time being the idea of government subsidies for campaigning.

The group noted the swift evolution of the campaigns—from 1860 when Abraham Lincoln never left his home in Springfield, Ill., or made a single speech; to 1960 when John F. Kennedy made 300 speeches and traveled 44,000 miles.

Its recommendations included: Repeal of ceilings on contributions and on spending by political committees;

Strict procedures for reporting campaign gifts and expenditures and rigid enforcement of election laws to gain public confidence in the financing of vital political activity; and

Allow broadcasters to make equal time available to major party presidential nominees, without having to recognize minor party candidates.

The commission said under present practices, the parties encounter enormous difficulties in raising adequate funds at the proper time.

A chronic difficulty in raising money, said the commission, "has long been the lurking suspicion that contributing to political parties is somehow a shoddy business."

To counter that notion and spread the cost of presidential campaigns, the commission proposed tax incentives to encourage more voters to contribute to party war chests.

It offered these alternate methods:

Permit a tax credit up to \$10 a person for one-half the amount given a national committee or a state committee designed by national headquarters or Permit a normal deduction from taxable in-

come, before computing the tax, for contributions up to \$1,000.

The commission suggested adopting the incentives for an experimental period covering two presidential campaigns.

U. S. males outnumbered females by 2.7 million in 1910; 50 years later, females outnumbered males by 2.7 million.

Jury Deadlocked in Lawyer's Case
HOT SPRINGS, Ark. (AP)—A deadlocked jury was scheduled to resume deliberations today in the trial of Hot Springs attorney Fred Peppard.

Peppard is charged with receiving, concealing and disposing of some \$12,500 worth of government bonds stolen March 5 from Duncan, Miss.

He has pleaded innocent of the charge.

The jury deliberated less than an hour Wednesday before declaring it could not reach a decision.

FBI agents have testified that Peppard told them he weighed the bonds and threw them in a lake near his home. Peppard denied in testimony Wednesday that he had any knowledge of the whereabouts of the stolen bonds.

At the opening of the trial Leroy Easterling, a convict sentenced to the federal penitentiary at Terre Haute, Ind., testified that he and two companions had delivered the bonds to Peppard in Hot Springs.

Bids Received
LITTLE ROCK (AP)—Army Engineers will receive bids May 22 on a bank stabilization project on the Arkansas River about 10 miles southwest of Conway in Faulkner and Perry counties.

The project involves construction of 8,200 feet of stonefill revetment and dikes and 9,800 feet of pipe revetments and dikes. Estimated cost of the project is \$700,000.

Musial, Cards Just Keep Rolling Along

By BOB GREEN
Associated Press Sports Writer

Aging Stan Musial was almost apologetic about it.

"I guess so," Musial admitted when asked whether his blistering start may prompt him to try it again in 1963. "I told John (St. Louis manager Johnny Keane) I wanted to play just this one more. But I think he knows if I had a good year I'd probably be back."

And Musial, 41, is off to one of his greatest starts. He lashed out two hits in the Cardinals' 15-5 romp over the New York Mets, Wednesday and improved his National League leading batting average to .474.

Milwaukee's Warren Spahr gained the 310th victory of his career in a 6-4 decision over San Francisco while Ernie Banks' 300th career home run with two out in the 10th brought the Chicago Cubs a 3-2 decision over Houston. Cincinnati blasted the Los Angeles Dodgers 14-0 and unbeaten Pittsburgh edged Philadelphia 4-3 for its seventh straight victory.

In the American League, Mill Pappas and Hoyt Wilhelm combined for a three-hitter as Baltimore blanked the New York Yankees 1-0. Detroit whipped Washington 5-1, Chicago's White Sox edged Minnesota 3-2 and the Los Angeles Angels defeated Kansas City 3-2. Cleveland and Boston were not scheduled.

Musial's two hits gave him a total of 3,410, only 20 short of Honus Wagner's National League record.

In all, the undefeated Cards, who have won five, pounded 18 hits off four Met pitchers. Included were a pair of home runs by Kenny Boyer and one each by Julian Javier and Carl Warwick. It was the sixth straight loss for Casey Stengel's Mets.

Banks' homer brought the Cubs their first victory in eight starts this season. The blow, off relief man Dick Farrell, made Banks only the 20th man in the history of the majors to reach the 300 figure. Lefty Dick Ellsworth went the distance for the victory.

San Francisco had a 3-2 lead on doubles by Jim Davenport and Jose Pagan, and Tom Haller's homer before Spahr started Milwaukee's winning rally by walking as the lead-off man in the eighth. Before the inning was over, Eddie Mathews doubled in two runs and Frank Bolling singled in two more, and the Braves were home safe. Homers by Mathews and Hank Aaron produced the first two Milwaukee runs.

Bob Skinner's three-run homer and Earl Francis' relief pitching were the keys to the Pirates seventh straight. Francis blanked the Phillies on three hits after taking over for Wilmer Mizell in the third. Bill Mazeroski also had a homer for

Huge Blooming Roses for Your Bathroom

BIGGEST NEWS IN BATHROOM DECOR TODAY is towels printed with life size American Beauty roses! They give enormous fashion flair to any bath. In fact, Cannon decorators point out that they'll transform a merely pretty bathroom into one of sparkling distinction. The luxury ensemble called "Talisman Rose" comes in three different heavenly color tones: pink to magenta, yellow-gold-brown or tones of rich blue. By coordinating them with solid color towels, you enhance their lush beauty in the bathroom's decor.

Medical Care Could Prove Expensive

LITTLE ROCK (AP).—Medical care under the King-Anderson bill now pending in Congress would be too expensive for elderly Arkansans, Welfare Commissioner Carl Adams said today.

The bill requires a patient pay the first \$10 a day of hospital costs, Adams said, while under present laws the government pays the entire bill.

The King-Anderson bill would put Medicare under the Social Security program. Now in effect are the so-called Kerr-Mills Acts under which the government, through state welfare agencies, pays bills for the medically indigent.

"People who are raising Cain with their congressmen to support the King-Anderson bill don't know what they're asking for," Adams said. He added that there is a certain amount of red tape in the present Medicare program, but it would be worse under the Social Security system.

Adams announced recently that 39,500 Arkansans had received some kind of aid during the first six months of the current program.

More than \$2.5 million has been spent for the purpose so far. Adams estimated 80,000 persons would take part in the program during the first year and the total cost would be more than \$5 million.

Bids Accepted on Cottages

LITTLE ROCK (AP).—The State Purchasing Department accepted four bids Tuesday on construction of three duplex cottages at Buffalo River state park. King Construction Co. of Yellville was apparent low bidder, at \$53,975. The cottages will be of concrete block.

Zesty "Beans 'n Beef" Makes a Hearty Meal-In-One

What's for supper? Something brand new and different. Canned beans & ground beef, cooked in a zesty barbecue sauce. This newcomer in canned beans has been expressly designed for hungry, active people with appetites as hearty as all outdoors.

A meal-in-one, ground lean beef is combined with tender beans in a savory sauce to make it extra nourishing, extra hearty, and satisfyingly good. Serve beans & ground beef family-style in big bowls with spoons provided for easy eating. Just heat contents of the 1 pound can in a saucepan or skillet, or bake in a casserole or bean pot in the oven until steaming and juicy within, crusty on top.

This is a "man's dish," but just watch the youngsters go for it too. You'll be giving them a nutritional dividend, for each hearty serving supplies both protein from beans and protein from beef.

Beans & ground beef makes wonderful party fare, too. Makes 2 to 3 servings. FNS

California to Test the Birch Group

By RALPH DIGHTON

LOS ANGELES (AP).—Watch California's June 5 primary for a test of public sentiment about the controversial John Birch Society.

Three members of the right-wing anti-Communist group are asking Republican voters to nominate them for Congress.

Two are incumbents who face men with no political experience. Because of this they are favored to win renomination, and victory for them would not necessarily mean a vote of approval for the Birch Society.

The third race is in a newly created district where there is no incumbent. The Birch Society man, who has never held public office, faces the former mayor of one of the suburban cities in the district. If the Birch man wins, observers say, much will be due to the considerable Birch Society strength in the district.

The man insiders are watching most closely is Rep. John H. Rousselot, Republican from the 25th District, the one former Vice President Richard M. Nixon had served when he was in Congress.

Rousselot, 32, was a personal friend and political protégé of Nixon—until Rousselot announced he was a member of the Birch Society. Then Nixon, who is running for governor of California, said: "There is no place on the Republican ticket for a candidate who seeks or accepts the support of the John Birch Society."

In the redistricting Rousselot lost wealthy San Marino and Arcadia, where there are many Birch Society supporters.

The other pro-Birch incumbent is Edgar Hiestand, a veteran of 60 who rolled into office with the Eisenhower tide in 1952. Hiestand has said he is a member of the society, but has not made it an issue the way Rousselot has.

Republican party leaders have been hesitant to endorse the three Birch men. All three come from districts in which Democrats outnumber Republicans almost two to one, and party leaders figure the "Bircher" label might make the tough job of winning in Democratic strongholds even tougher.

His opponent for the Republican nomination is politically inexperienced Thomas F. Noonan, a realtor who is strongly opposed to the Birch Society.

The third race in which the Birch Society is an issue is in the 29th District, made up in part of the wealthy San Marino and Arcadia areas which Rousselot lost in the revamping. In it Democrats registered 109,047 and Republicans only 57,542.

Here Bill Richardson, who like Rousselot has a public relations background, is campaigning for his first time as a Birch Society member. His principal opponent for the Republican nomination is Merrill Fitzjohn, who got a taste of politics as mayor of Temple City, and who opposes the Birch Society.

Drops-Outs Pose School Problem

LITTLE ROCK (AP).—The state Department of Education said Tuesday that public schools are failing to provide educational programs to hold students in classrooms.

Education Commissioner A. W. Ford, who ordered the special survey, said he was startled by its findings.

The report showed that nearly seven out of 10 students who enter the first grade in the state do not complete high school.

Ford said there has been some improvement in the drop-out situation, but there is a united effort lacking to keep children in school.

The report said parents of drop-out students are unimpressed with the value of education and "often they openly scorn 'book learning'."

Bill Would Lend Scouts Equipment

WASHINGTON (AP).—The House sent to the Senate Monday a bill to allow the Defense Department to lend some of its equipment to the Boy Scouts of America in connection with the world jamboree of Boy Scouts to be held in Greece in 1963.

high-kicking.

A recent note in this column, reporting that audience rating services found only a small drop in the size of the "Tonight" show audience after the departure of Jack Paar, brought a flurry of mail from devoted followers of the retired NBC giant-killer. All were to the effect that "I definitely have given up late television watching since Jack and his regulars left, since they were almost like family."

U. S. Charged to Use Own Buildings

By G. MILTON KELLY

WASHINGTON (AP).—Western Electric Co. officials have acknowledged they paid the government \$3 million to rent factory space, then got the money back with a \$290,000 profit through the firm's Nike missile contract.

This testimony came out Tuesday at a Senate investigation hearing that sometimes cracked with sharp words.

The company said its profits on the Nike system were about \$169 million, equalling 13 per cent of invested capital and were reasonable.

"If that is reasonable, I'm mistaken. It seems pretty high to me," commented subcommittee chairman John L. McClellan, D-Ark.

The subcommittee is investigating what McClellan calls pyramiding of profits by Nike missile contractors.

Witnesses have testified that Western and its chief subcontractor, Douglas Aircraft Co., added profits or fees for themselves onto profits paid other firms hired by Douglas to do much of the actual work. Company representatives have contended they were entitled to do this and did work to earn the money.

"We earned these profits ourselves," G. Raymond Smith, a Western Electric vice president, said Tuesday. "Not one penny of them is a profit taken for the work of others."

Smith and Thomas Spicer, Western's controller, acknowledged their firm had paid the government \$3 million in 1951-51 as rent for the use of two federally owned plants in North Carolina, then billed the Army for the whole \$3 million plus a \$290,000 profit on it.

Jury Pushes Probe of U. S. Steel

NEW YORK (AP).—A federal grand jury is proceeding with its investigation of the steel industry despite action by leading steel companies rescinding a \$6 a ton steel price increase.

Subpoenas were received here Monday from Washington by U.S. Marshal Thomas J. Lunney summoning officials of three steel companies before a Senate subcommittee.

The companies are the U.S. Steel Corp., Bethlehem Steel, and Colorado Fuel & Iron Corp. The subpoenas are answerable May 14 before the subcommittee, headed by Sen. Estes Kefauver, D-Tenn.

The grand jury here also has served subpoenas on several of the companies, ordering them to appear Friday and produce certain records.

Three of the companies—Bethlehem, Jones & Laughlin and Armco Steel Co.—confirmed last Thursday that they had received summonses.

The investigating grand jury is not a special panel, but one of the regular grand juries to which investigations are allotted. The inquiry is under the direction of three attorneys from the antitrust division in Washington—Barry Siskarsky, Gordon Spivack and Samuel Karp.

As they and McClellan reconstructed it, the contract with the Army allows Western to recover all of its costs on any Nike contract plus a profit, so the rent was added to the bill and a profit paid on it.

Copied with less than 14.5 million consumers of natural gas 10 years ago, the U. S. now has about 31.5 million.

Harding Singers to Tour Europe

SEARCY, Ark. (AP).—The Harding College musical group, "The Belles and Beaux," has been selected by the National Music Council and USO Shows to tour United States military bases in Europe.

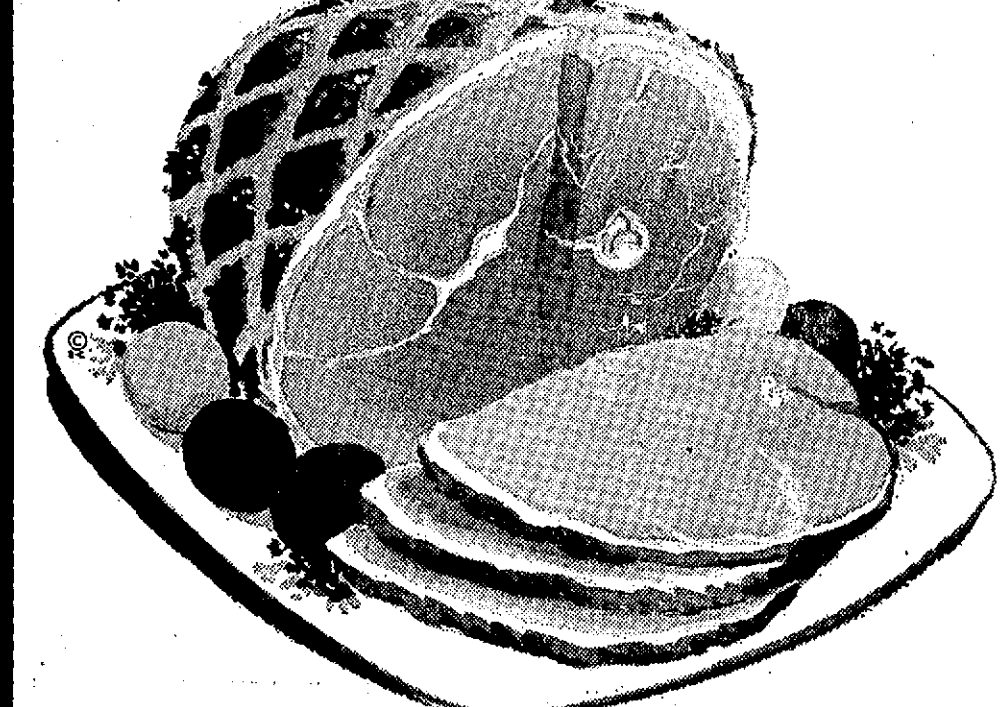

This 20 member group will tour West Germany, Northern Italy and possibly other parts of the continent. The trip will last from October through December.

The group was selected from Harding College's capella chorus, a 70-voice group heard on 195 stations in 17 states on the program, "Hymns from Harding."

The Department of Defense will pay expenses.

The River Jordan twists and loops 200 miles in making its 65-mile journey down a valley between the Sea of Galilee and the Dead Sea.

Food Sense □ Not Nonsense

Bring on the Tape

To a boy, there's no good way to measure how big a piece of cake should be. But nutrition scientists, striving to divide the cake—what America eats—have a strong measure in research. In the face of growing evidence that too much fat in the diet may bring on heart disease, they are using research to decide how large a portion of food's calories should come from each of the calorie-carrying nutrients: fat, carbohydrate, protein. Recent U. S. Department of Agriculture research points to this conclusion: Carbohydrate—in the form of starch—deserves a bigger share of the cake than was thought before.

Scientists have learned, through animal studies, that the kind of carbohydrate in food markedly affects the way our bodies handle fat. Each kind affects differently the amount of a fatty substance in the blood, called cholesterol, which is implicated in heart disease. Substituting the starch kind of carbohydrate—in bread, cereals, potatoes—for the simple carbohydrate—of table sugar and the sugar of milk—causes a drop in the amount of cholesterol in the blood. On the other hand, adding a sugar to the diet raises the amount of cholesterol in the blood.

To explain what this research means in terms of coronary heart disease, U. S. Department of Agriculture nutritionists are looking suspiciously at the way America's food habits have changed in the last 50 years... at the marked decrease in our consumption of cereal foods and potatoes... at the marked increase in our consumption of sugar and fat.

The final answer on how to divide the food America eats will come with research on humans now underway.

Husband Asks to Be Kicked Out

NEW ORLEANS (AP) — The husband of a segregationist excommunicated by the Roman Catholic Church asked today for the same censure.

The request to Archbishop Joseph Francis Rummel from Bernard Joseph Gaillot came 14 hours after his dark-haired wife failed in a dramatic plea for grace from the 85-year-old prelate.

"If she is truly excommunicated from the Catholic Church," Gaillot wrote to the archbishop in a letter he disclosed shortly after midnight, "then I too should be excommunicated. We, being two people joined together by God, have done no intentional wrong to our church."

Mrs. Gaillot, 41, mother of two children in Catholic schools, was excommunicated Monday along with two other segregationists for opposing the German-born archbishop's decision to desegregate parochial schools here this fall.

Mrs. Gaillot, who contends that God demands segregation, rushed up to the archbishop on the grounds of his residence Tuesday while he was joining a pilgrimage group in prayer.

"I beg your mercy, your excellency," she pleaded as she knelt before the archbishop. "Admit before God and yourself that you did not want to integrate."

An unidentified woman standing by the archbishop interrupted Mrs. Gaillot, but she implored: "Don't listen to Salim, listen to God. Look at me, your excellency. I am on my knees before

Military Bill Gets Approval

WASHINGTON (AP) — A military construction appropriation of \$1.5 billion was authorized Monday by the House. The appropriation includes \$834 for operation, maintenance and hospital and medical facilities at Blytheville Air Force Base and \$419,000 for operation and maintenance at Little Rock Air Force Base.

The 211th running of the ancient Olympic Games was postponed for two years because the Roman Emperor Nero said he was too busy to go to Greece.

you, listen to God." As she rose from her knees, Mrs. Gaillot said, "May God have mercy on you. I'm not backing down."

The archbishop remained silent during the episode. Outside his residence and chancery, pickets paraded protesting the excommunication of the three segregationists and the school desegregation decision.

Gaillot, 44, a parish clerk for an industrial machinery manufacturer, told newsmen he mailed a letter to the archbishop shortly before announcing its text.

The archbishop's chancery had no comment on Gaillot's letter and repeatedly declined to talk about Mrs. Gaillot's appearance at the prelate's home.

An excommunicated Catholic loses his right to receive the sacraments, to be present at Mass and to act as sponsor at baptism or confirmation.

In Vatican City, a spokesman said Archbishop Rummel had—as do all bishops and archbishops of the church—full authority for his action.

Resignation of Another Employee

WASHINGTON (AP) — The investigation into the operations of Texas financier Billie Sol Estes has brought the resignation of another government employee—the wife of a dismissed Agriculture Department aide.

Rep. Ed Edmondson, D-Okla., announced Tuesday night that Alice Morris, a part-time secretary in his office, has resigned. She is the wife of William E. Morris, \$14,300-a-year assistant to the director of agriculture credit who was fired by the Agriculture Department Monday for failing to make himself available for questioning about his relations with Estes.

Estes, under indictment for fraud, operates grain storage facilities where some government grain is kept. Edmondson's aides said Mrs.

Morris had been writing a question and answer column recently from Washington for a newspaper in Pecos, Tex., said to be owned by Estes.

Edmondson said Mrs. Morris called his office and said she and her husband did not believe it was desirable or proper to make a statement now and therefore she was offering her resignation.

Morris was an assistant to James T. Ralph, former assistant secretary of agriculture, who is expected to testify at the Estes inquiry. Ralph is in training to become an agriculture attaché to the Philippines.

Emery E. Jacobs, deputy director of the Agriculture Department's Stabilization and Conservation Service, resigned last week after his name was brought up in the Texas hearing. He has denied any wrongdoing.

Thomas Jefferson was U. S. president at the time of the formal transfer of Louisiana Territory to the U. S. from France.

It is estimated that Americans use about 400 million cans of food each week.

Officials of Schools to Swap Ideas

LITTLE ROCK (AP) — The state's school superintendents, county supervisors and school board members will meet on successive Mondays here with the state Education Department for two-day information exchanges.

Superintendents, supervisors and board members from the eastern half of the state will meet this Monday. The other half will meet the following Monday, April 30.

About 300 persons are expected to attend each meeting.

Education Commissioner Arch Ford said the meetings were first held last year, and were so successful he decided to expand this year.

"The purpose is to inform school people and board members of some of the significant current problems in public schools and new educational developments."

Ford said. He said, "At the same time, we will get the benefit of local thinking on these and other matters. A mutual exchange of ideas with emphasis on local school administration should prove helpful."

Murvin E. Bird of Earle, chairman of the state Board of Education, will preside at a dinner Monday night. Speakers include superintendent M. D. Forrest of Wynne and Curtis Walker of Searcy.

Second Murder Trial Resumed

JONESBORO, Ark. (AP) — The second murder trial of Mrs. Lucille Bogard was expected to resume here today with the completion of a jury.

Two 25 member panels were called Tuesday for the selection of jurors.

Ten jurors were selected Tuesday from the two 25-member panels. The remaining 11 members of the second panel were to appear in court today.

Mrs. Bogard is accused of the fatal shooting of her husband May 15, 1961.

Strike Threat to Airline Is Lifted

WASHINGTON (AP) — The Air Line Pilots Association has lifted its strike threat against Pan American World Airways, and Secretary of Labor Arthur J. Goldberg says final word on the dispute is due today.

With 40 minutes to go before Tuesday night's midnight strike deadline, Goldberg announced the union had postponed indefinitely the walkout by 1,400 pilots.

President Kennedy stepped into the Pan Am picture Monday night, urging the airline and the union to agree to final and binding arbitration of the main item in dispute: the makeup of crews on jet airliners.

Pan American wants to cut the crews from four men to three. The handling of this reduction is the key issue blocking a settlement.

The airline has agreed to submit the crew complement issue to a board of three arbitrators named by Kennedy.

Menus in Schools Next Week

Menu for week of April 23-27: Monday: Barbecue on bun, pork and beans, coleslaw, cake with fruit topping, and milk.

Tuesday: Fried chicken, buttered rice, Cream gravy, scalloped tomatoes, biscuits, butter, fruit, jello and milk.

Wednesday: Beef stew with carrots, onions, potatoes, cream peas, corn bread and butter, tossed salad, peach cobbler, and milk.

Thursday: Creamed turkey over mashed potatoes, green pea salad, hot rolls, butter, chocolate cake, and milk.

Friday: Tuna loaf, potatoes with cheese sauce, coleslaw, cinnamon rolls, and milk.

mit the crew complement issue to a board of three arbitrators named by Kennedy.

Other issues, including wages and working conditions, have either been settled or are to be arbitrated once the crew question is out of the way.

It's A Baby's World

Baby never had it so good! Not only his parents, but whole industries are working to safeguard his health, assure his comfort and keep him amused. Mother gains peace of mind and more time to enjoy her baby.

Today baby's first bed can be decorator designed, one of a variety of nursery furniture styles which incorporate childproof plastics and use flattening agents to give wood a handrubbed look. Styled to blend with traditional furniture, one ensemble has a walnut crib with firm urethane foam plastic mattress protected with waterproof and stain resistant vinyl plastic in a gay provincial pattern. The dressing table has open shelves for holding baby's drip-dry garments and sheets, sweaters and blankets of man made fibers that can go into the washing machine, as well as bath supplies including toilet soap with a baby safe bacteriostat that keeps an infant's skin petal soft and healthfully clean by inhibiting bacteria which causes common skin infections. The dressing table's pad, its laundry bag and the highchair cushions are all easy-care vinyl, now more flexible because of improved plasticizers. A damp cloth keeps them sparkling clean and bright.

Multi-purpose juvenile furniture makes sense in a space hungry home. Simple adjustments convert one unit—circled in tough nylon net—into a bed, bassinet, playpen or dressing table. A lightweight walker-bouncer, upholstered in laminated plastic, folds for easy storage in closet, car trunk or under baby's bed. A tray of durable styrene holds baby's plastic non-toxic toys or stuffed toy animals of man-made fiber plush.

These stuffed toys enjoy an occasional spin with detergent in the automatic washer along with baby's regular laundry. Stubborn stains on baby's cottons are removed by soaking in a solution of fabric-safe dry chlorine bleach and detergent.

PTA Would Insure Local Control

LITTLE ROCK (AP)—The Arkansas Congress of Parents and Teachers adopted a resolution here Tuesday that federal aid to tax-supporter schools should have "provisions to insure maximum local control."

The Congress, holding its 37th annual convention here, also adopted a resolution urging the state legislature to renew its study of the "attendant evils" of pinball machines.

A third resolution sought Congressional support of legislation to guarantee public schools adequate financial assistance from state tax revenues.

Dropouts in schools was one of the major topics of the session during the day.

Edward Trice, superintendent of schools at Texarkana, said a study conducted in his schools showed that 70 per cent of fifth grade students seven years ago were completing their high school education.

Trice said national surveys indicate only 50 per cent of the pupils now in the fifth grade will finish high school.

Mrs. John Moore of Heber Springs, Mrs. Lloyd Pearson of Fort Smith and Mrs. W. O. Pearey of Allheimer were elected vice presidents of the organization. They were the only officers elected.

The convention will end today with installation of officers and an address by J. C. Moffit, a former official of the National Congress of Parents and Teachers.

Worthington Is Termed a Regular

FAYETTEVILLE, Ark. (AP)—University of Arkansas Coach Frank Broyles' hopefuls have only two more days of practice this week before leaving for spring vacations.

A Friday scrimmage was cancelled by Broyles after Tuesday's workouts. The next practice session will come April 30.

Broyles will have under scrutiny only the "youngsters" the remainder of the practice sessions. He dismissed Jim Worthington, only backfield letterman to return for workouts this year, with the comment that he has "proved he can be a first teamer."

The Tuesday workout was limited mostly to non-contact work and concentration on a new defense, on which Broyles didn't elaborate.

When the hopefuls return, they will have nine workouts before the two red and white games that close out spring practice. One game will be held May 5 at Fayetteville and the other May 12 at Little Rock.

In the term "nightmare," meaning a terrifying dream, the ending "mare" comes from a word for a goblin, who, according to legend, is said to cause these dreams, according to the Encyclopedia Britannica.

Rockefeller to Give His Views

WASHINGTON (AP)—A Senate House committee drafting a proposed statement of Republican principles gets the views of Gov. Nelson A. Rockefeller of New York today on major domestic and foreign policies.

Rockefeller, touching bases with all available Republicans, is expected to get a favorable reception from the policy makers for his latest theme that Republicans are wasting time looking for liberal or conservative solutions to the nation's problems.

He has been hearing down on the note in what is regarded as an effort to quiet conservative opposition not only to his re-election as governor of New York but his expected bid for the 1964 GOP presidential nomination.

Two Firms Cited on Race Issue

WASHINGTON (AP)—President Kennedy's Committee on Equal Employment Opportunity barred two firms from any further government contracts until they correct questioned racial policies.

The firms named Tuesday in an order by Assistant Secretary of Labor Jerry R. Holleman, executive vice chairman of the committee, are Danly Machine Specialists, Inc., Cicero, Ill., and Comet Rice Mills, with plants at Houston and Beaumont, Tex.; Stuttgart, Ark., and New Orleans, La.

Preliminary investigations of complaints against both companies indicated reasonable doubt of compliance with Kennedy's executive order requiring no job bias by government contractors, Holleman said.

The committee said the complaints against the Comet firm were that it discriminated against Negroes in promotions, paid Negroes systematically less than the white employees and maintained segregated washrooms and other employee facilities.

In Houston, officials of Comet Rice said they got first word of the action from newspaper reporters and were sending a telegram to Holleman saying in part: "It is our policy to abide by all laws and regulations and to cooperate fully with all governmental bodies. Our policy is to offer equal opportunities to all and never to discriminate against any individual because of race, creed, color or religion."

A. A. Barnett, a company vice president, said there hasn't been any forced segregation of restrooms and other facilities at the mill.

The committee said that technically the complaint against Danly had been dismissed because the company now holds no government contracts.

The committee said the nature of the complaint against the Danly firm was discrimination against Negroes in hiring. In Chicago a spokesman for the firm said a complaint was made about a year ago, an investigation held by Navy inspectors, and the company cleared.

The firm's president, P. H. Danly, said he had been told the case

Make a hit with... Sundae Record Cake

Set a new record for refreshments for the teen crowd with this Banana Sundae Record Cake. How can you miss with a combination of favorite flavors straight from the soda fountain: Banana Sundae Cake and Fudge Sundae Fluffy Frosting Mix? They're a cinch to make with two new mixes. Just add two eggs and water to the cake mix for a double-decker shortening cake that's wonderful banana-flavored with just a touch of spice. Water is all you need to add before beating the frosting mix to fluffy white peaks—the fudge topping comes in a tube right in the same package. Follow the directions below to make a hit.

Banana Sundae Record Cake

Prepare and bake Pillsbury Deluxe Banana Sundae Cake Mix in two 8-inch round layer pans as directed on package. Cool. Fill and frost with Fudge Sundae Frosting Mix. Smooth frosting on top of cake. Starting about 1/2-inch from edge, score around top edge of cake with the tines of a fork to make the grooves of the record. Leave a center circle, three inches in diameter without grooves. Drizzle the Fudge Sundae Topping in the grooves and in center to make notes. Pecan "notes" may be placed around the sides. To make notes, cut pecan half lengthwise to form stem of note; use a small piece of pecan for the flag and a pecan half as the note.

Hoffa's Pal Indicted for Extortion

WASHINGTON (AP)—George Roxburgh, business agent of the Detroit home local of Teamsters' President James R. Hoffa, was charged today with extorting more than \$2,500 from a trucking company.

Atty. Gen. Robert F. Kennedy said the charge was contained in a single-count indictment returned against Roxburgh, 49, by a federal grand jury in Detroit.

Roxburgh was accused of threatening the Interstate Motor Freight System of Grand Rapids, Mich., with labor disputes to obtain \$2,500.

Roxburgh, Local 299 business agent, was indicted last Oct. 6 on charges of taking illegal payments from Interstate between November 1958 and January 1959 in violation of the Taft-Hartley Act. He is free on bond and awaiting a July 10 trial on those charges.

The new indictment, returned under the Hobbs Anti-Racketeering Act, charges him with receiving money between May 1959 and July 1961 in feloniously obstructing commerce by extortion.

The maximum penalty if convicted under the first indictment would be six years in prison and \$50,000 fine. The charge in the new indictment carries a possible maximum penalty of \$10,000 and 20 years.

was closed by the President's committee March 9.

WASHINGTON (AP)—The government announced today it has notified two firms they are subject to special checks for compliance with government anti-discrimination requirements before they are eligible to receive additional government contracts.

The companies named by President Kennedy's Committee on Equal Employment Opportunity for such compliance checks are Danly Machine Specialists Inc., Cicero, Ill., and Comet Rice Mills of Houston and Beaumont, Tex.; Stuttgart, Ark., and New Orleans, La.

The president's committee said investigations resulting from complaints showed reasonable doubt that both companies were complying with the government's executive order requiring that government supply firms practice no job discrimination with regard to race, color, creed and national origin.

In the case of the rice milling plants, it was stated "no discernible effort" was being made to get in compliance. The complaints concerned the rice mill plants at Houston and Beaumont but the committee said that the rice firm's plants at all four sites will have to pass compliance reviews before they are eligible for further contracts.

The government, including the Veterans' Administration, has been purchasing rice from Comet Mills. The Danly firm has been selling products to the Navy.

Originally, Atlanta, Ga., was named Turin, because the settlement was built around the terminus of a state-owned railroad; its name was changed to Marthasville in 1843 and then to Atlanta in 1845.

Judges Ask Larger Share of Road Fund

LITTLE ROCK (AP)—A group of county judges indicated here Tuesday their association will ask the legislature for a larger share of highway revenues to match federal aid funds.

Several judges have complained that the specifications are too high for federal aid secondary county roads and that the counties do not have enough money to match federal aid available to them.

F. R. Oliver, Highway Director, met with Crittenden County Judge Milton R. Beck and three other county judges representing the County Judges Association Tuesday to discuss the specifications.

Oliver said the Highway Department will relax specifications for base materials on the secondary roads. Oliver said it will apply only where there is economic justification.

The meeting was the result of a legislative proposal to put all county roads into the state highway system. The Highway Department and the judges' association have not been strongly in favor of the proposal.

The Association probably will ask the legislature next year for more money from highway revenues, something the Highway Department has resisted in the past.

Columbia County Judge O. W. Taylor said he feels "the Highway Department wants to discourage the county judges from building roads. I have the impression that every time you help a county judge build a road, you look at it as money lost by the Highway Department."

Woman Completes 500 Mile Walk

JONESBORO, Ark. (AP)—Mrs. Mabel McMillan and her 15-year-old son, Roger, have reached their home in Crestview, Fla., after a 500 mile walk, according to a letter received by her daughter, Mrs. Winifred Wade of Bono.

Mrs. McMillan left Jonesboro early in March for Crestview, about 600 miles away, with her son, a goat, a pony and several dogs. She left the bumpy and ailing goat at Helena, where she crossed into Mississippi.

At Water Valley, Miss., she and her son picked up another pony, and at Butler, Miss., a trucker gave her and her ponies a ride into Crestview.

In the letter, Mrs. McMillan said "everything went fine. We never lacked for provisions or necessities. All the people were very kind to us."

Teachers Lose Revenge Charge

MONTICELLO, Ark. (AP)—A 12-inning opener cost Arkansas State Teachers College a chance to revenge a 5-4 loss in Arkansas Intercollegiate Conference baseball here Tuesday. The lengthy opener shut out the nightcap of the scheduled doubleheader. The score was tied 4-4 at the end of the seventh inning. Bob Edwards drove in the winning run with a line drive into centerfield.

Estes Deals Under Probe by McClellan

WASHINGTON (AP)—Sen. John L. McClellan, D-Ark., has said his Senate Investigations Subcommittee, is starting a preliminary inquiry into "certain alleged improprieties" involving government employees and promoter Billie Sol Estes.

McClellan said the inquiry will determine whether a complete investigation including public hearings is necessary.

"Allegations have been made to the effect that certain responsible government employees might have committed indiscretions in connection with these (grain storage) programs," McClellan said in a statement.

He added that "in light of recent public disclosures concerning Billie Sol Estes, the subcommittee plans to determine whether a complete investigation is necessary."

Estes is under indictment in Texas on charges of fraud.

Two agriculture department officials whose names have come into his case have left the department. One was fired and the other resigned.

"Vingt-et-un" is the French name for the card game we know as "Blackjack" or "21" and the British as "Van John."

Non-Stick Pans Make Cleaning Easy

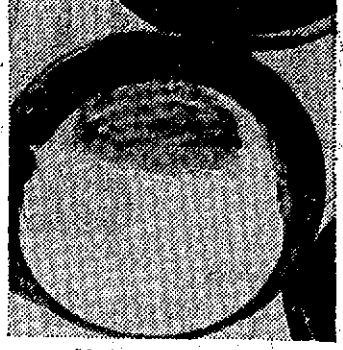

GREATEST KITCHEN AID since the electric dishwasher—cooking utensils coated with a "Teflon" TFE-fluorocarbon finish. Absolutely no food really sticks. Soaking and scouring of pots and pans now belong with the scullery maid of bygone days. Even substances as notoriously sticky as oatmeal and melted cheese do not adhere to the slick coating.

"Teflon", a Du Pont development, has long been used in the baking industry on giant cookie rollers. Now it is being applied to all manner of cookware, and the most tedious job in all kitchen work is disappearing from the American domestic scene.

Here in this demonstration, residue from scalded milk is removed swiftly with running water, a little soap powder, and a soft sponge.

People on low-calorie or non-fat diets also are welcoming the new cookware, because it permits greaseless cooking. Eggs or pancakes, for example, turn out beautifully in a dry pan over moderate heat, and slip freely onto the plate with a nudge of a wooden spatula.

Now made by a number of manufacturers, utensils coated with "Teflon" finish range in price according to the quality of the ware itself. This type of non-stick coating should not be confused with other materials offered for the purpose.

No Residue Problem

Sponge Cleans Easily

Thinks Education Is Key Problem

STUTTGART, Ark. (AP)—Marvin Melton, a potential gubernatorial candidate, compared the problems of Arkansas to those of South American countries Tuesday when he appeared before a

civic club here. Melton said the problems centered on the same factor—education. The speaker said, "I've been all over my state and I found that where education is first, there is a good economy and good leadership."

Melton toured Ecuador, Peru and other countries last fall with a committee to diagnose economic problems.

"I diagnosed their major problem as a lack of education," he said, and linked that with the same problem in Arkansas.

Diphtheria Claims Tyronza Girl

TYRONZA, Ark. (AP)—Dr. William L. Bunch Jr., director of the Division of Communicable Disease Control, said Tuesday a 13-year-old Tyronza girl has died of diphtheria and the disease has moved in on one and probably two to miles here.

Bunch said the girl died a few days ago, that her 5-year-old brother is seriously ill in a Memphis hospital, and two sisters are sick, apparently with diphtheria.

He said a neighboring family also has an illness which is believed to be diphtheria. Bunch said diagnosis of the family is incomplete.

"The sad fact is that diphtheria is one of the preventable diseases," Bunch said. "Protection is a parental responsibility and the three dose course is readily available."

Florida Orange Sherbet Cups

This is the season when Florida's luscious Valencia oranges come into market. Valencia is medium to large in size, oval in shape, with a smooth thin skin and deep orange color. They have few or no seeds at all, and are heavy with fine sweet juice. Enjoy eating them plain, squeezing them for juice, or in a dessert such as Florida Orange Sherbet Cups.

Orange Sherbet Cups

8 Florida oranges 1/4 cup Florida lime juice
1 Florida orange juice 1 cup sugar
1 envelope unflavored gelatine 1 egg white

To prepare orange cups cut off slice from top of orange; scoop out pulp. Make pilot edge with paring knife. Strain pulp; measure juice. Add enough Florida orange juice to make 4 cups. Sprinkle gelatine on 1/2 cup of the Florida orange juice to soften. Place over boiling water; stir until dissolved. Add sugar and remaining orange juice; stir until sugar is dissolved. Pour into an 8-cup loaf pan or several refrigerator trays. Place in freezing compartment of refrigerator; freeze, stirring occasionally. Break up frozen mixture in tray; turn into chilled bowl; add egg white and beat with electric mixer or rotary beater until smooth. Return to freezing compartment; freeze until firm. Scoop approximately 1/2 cup into each orange cup; garnish with mint and serve immediately. Serve remaining 1 quart sherbet as desired. Yield: 2 quarts orange sherbet.

Easter Egg Tree Very Easy to Make

With eggs included on the U.S. Department of Agriculture's Pictorial Food List, you'll probably be eating lots of them this month. But save those shells. You can use them too — to make an Easter Egg tree says Bettie Duncan, Home Agent.

Here's how you do it: For the tree, select two attractive pieces of driftwood, slender and graceful, with as many branches as possible. Stick these in a piece of molding clay in the bottom of a flat flower bowl.

Dye the egg shell halves an assortment of pastel colors. Add bits of sparkle, beads or other decorations to delicately trim each shell. Then one by one, hang them like tiny umbrellas on small threads from the limbs of your driftwood tree.

Because the shells are so light, they will move in the slightest breeze. Their gay colors and gentle movement will fascinate the children and interest your guests.

Defense Testimony in Lawyer's Case

HOT SPRINGS, Ark. (AP)—Defense testimony was expected to open here today in the trial of Hot Springs attorney Fred Peppard, charged with receiving, concealing and disposing of \$12,500 worth of federal securities.

The government rested its case Tuesday after calling 11 witnesses.

Peppard has pleaded innocent of the charge.

Leroy Easterling, a Mississippi now serving a five-year sentence in the federal penitentiary at Terre Haute, Ind., was a principal witness in Tuesday's testimony.

Easterling testified in federal district court that he had delivered stolen bonds to Peppard March 6, 1961.

In his opening statement, U.S. Atty. Charles W. Conway said he would prove that Peppard weighed the bonds and threw them in a lake.

Defense attorneys said they would prove Peppard never received the bonds.

The Latin term used to designate books printed before 1,500 is "incunabula."

Colds, Rats on Bottle in Science News

By THE ASSOCIATED PRESS
A tricky virus and rats on the bottle are subjects for Science at Work.

One Man's Cold

The same virus that causes a type of severe cold in humans has been found to cause tumors in hamsters. The culprit is an adenovirus, first isolated by researchers tracking down the epidemics of colds that beset soldiers early in barracks life.

Now U.S. soldiers are given a vaccine to protect them from the colds and the virus. The virus is only known to cause cold-type symptoms in humans. There is no evidence it causes cancer.

But in rats, one type of adenovirus (adenovirus 12) has caused cancer in hamsters when injected into the lungs, say Drs. John J. Brenlin and Yoshio Yabe of Baylor University. The lung cancers are highly malignant, sometimes spread to the liver and can be transplanted into other animals. Brother Rat?

Male rats drink more alcohol

Waterworks to Declare Dividend

LITTLE ROCK (AP)—A hearing on General Waterworks Corp.'s request for authority to declare a stock dividend was set by the Public Service Commission today for 9:30 a.m. April 24.

General Waterworks wants to declare a dividend of three shares of common stock for each 100 shares outstanding.

The firm also wants to issue 16,618 shares of preferred stock to purchase assets of the Duluth Steam Corp. of Duluth, Minn.

General Waterworks operates water companies in Pine Bluff, Russellville, Morrilton and half a dozen other Arkansas cities.

Russia Has Propaganda Moves Going

By WILLIAM L. RYAN
AP Special Correspondent

Moscow is mounting two heavy propaganda offensives.

One is against the European Economic Community, or Common Market. The other attacks the Kennedy administration's Alliance for Progress program in Latin America.

The Moscow broadsides may herald much more direct Communist efforts to harass and impede the European integration movement and to sow confusion in the Latin American effort to produce stability through economic aid.

Both movements represent disarming threats to Communist expansion plans.

Moscow probably considers the Common Market by far the greater menace, but heaviest Soviet propaganda guns are zeroed now on the Latin American alliance. That may be because more concrete action against the Common Market is being considered in the Kremlin.

The European development already constitutes a serious setback for communism. In cooperation with the United States, the Common Market can face Moscow with a vast aggregate of economic power and skill eclipsing that of the Red bloc. The implication of this can be of greater importance even than such trouble spots as West Berlin or Viet Nam.

All this may eventually spur the Kremlin to action to avert what

beverages than female rats, once they have been introduced to drinking.

So reports Margaret L. Clay, University of Michigan psychologist. In seeking clues to alcoholism, she made drinkers out of laboratory rats, animals normally teetotalers.

Young rats, born to parents of flexible behavior, tended to drink more than rats born to parents with a more rigid behavior, Miss Clay said. Behavior was determined by tests.

The rats did more drinking when faced with distressing problems. But rats failed to become problem drinkers. In the first place they wouldn't drink enough to become stuporous. And second, they wouldn't go too far out of their way for a drink if it was difficult to get.

The "How-To" of Hollandaise Sauce

Every woman who loves to cook should know how to make a good, smooth Hollandaise sauce that will enhance a variety of foods. Hollandaise sauce is especially delicious with fresh asparagus in the Spring, but it is equally compatible with other vegetables, and with eggs and fish. The goodness of this hollandaise recipe comes from the zesty flavoring of Tabasco, the liquid red pepper spice.

Many women steer away from making their own Hollandaise, but by following directions, you can whip up a gourmet sauce you'll be proud of. Tabasco gives it that mouth-watering touch, and since it is a liquid red pepper, it blends in easily with the other ingredients, leaving no unsightly specks to mar the sauce's smooth perfection.

Hollandaise Tabasco
2 egg yolks 1/4 teaspoon sugar
2 tablespoons lemon juice 1/4 teaspoon salt
1/4 teaspoon dry mustard 1/4 teaspoon Tabasco
1/2 cup butter

Put egg yolks, lemon juice, mustard, sugar, salt and Tabasco into small heavy earthenware mixing bowl; mix well. Divide butter into 3 equal portions. Add one portion of butter to the egg mixture and place the bowl in a saucepan of hot water. Place over low heat and stir constantly until butter is melted. Add second portion of butter, and when this is melted, repeat with third portion, stirring constantly as butter melts and sauce thickens. Remove from heat. Yield: 3/4 cup.

Some Facts of Life in Arkansas

By J. C. TILLMAN
Associated Press Staff Writer

When young Billy Macguire planted a magnolia tree in his mother's front yard in 1879 and nursed it through its early years as his very own tree, he probably didn't think of it as a memorial.

Young Billy grew up to be one of the founders of what is now the Arkansas Light and Power Co. and a leading citizen of Arkadelphia before he died in an accident in 1926. The 83-year-old tree still stands on the main street of the community.

Macguire has another memorial to him, of a different nature—the power company's substation at Camden.

Seen at Lake Conway—the sudden gleam of a little girl fishing hard for bream, but having no more luck than other people lined up the bridge, until a kindly man eased his boat under the structure, gently took the line and, unknown to her, hooked a fish on it.

The Hope Chamber of Commerce proposes to memorialize with an annual contest O. D. Middlebrooks, who reportedly holds the record of having grown the largest watermelon in the world.

In 1935 Middlebrooks grew a melon that weighed 195 pounds. In 1956 he received a prize of \$1,000 from a San Diego contractor for a 161 pound melon he raised.

The Hope organization would offer \$100 for the largest melon, \$75 for the second and \$50 for the third.

Deadline for entry in the contest is May 15.

A few furry families in Warren are leading the life of the elite, in an air-conditioned home in a new real estate development.

The families—20 pair of chinchillas—don't have television, but are blessed with every other convenience they seem to need.

The Elbert Frazers are raising the animals in a 12 x 24 foot concrete block building equipped with a heat pump and aluminum awnings to maintain a year-round 68-degree temperature.

The Frazers started in 1961 with eight pair and got interested in raising the chinchillas. They say they are now in the business to slay.

Alford Only Man to Pay His Fee

LITTLE ROCK (AP)—Rep Dale Alford, D-Ark., the only man who has paid a filing fee as a candidate for governor of Arkansas, opened temporary campaign headquarters in the Hotel Grady Manning here today.

Alford's office in Washington said Jim Tom Smith, a Clarendon businessman, would be in charge of the headquarters.

Alford said the formal opening of permanent campaign headquarters will be announced later.

Life of Turkish peasants. It was approved by the movie censor board only after long deliberation.

Deviled Tuna

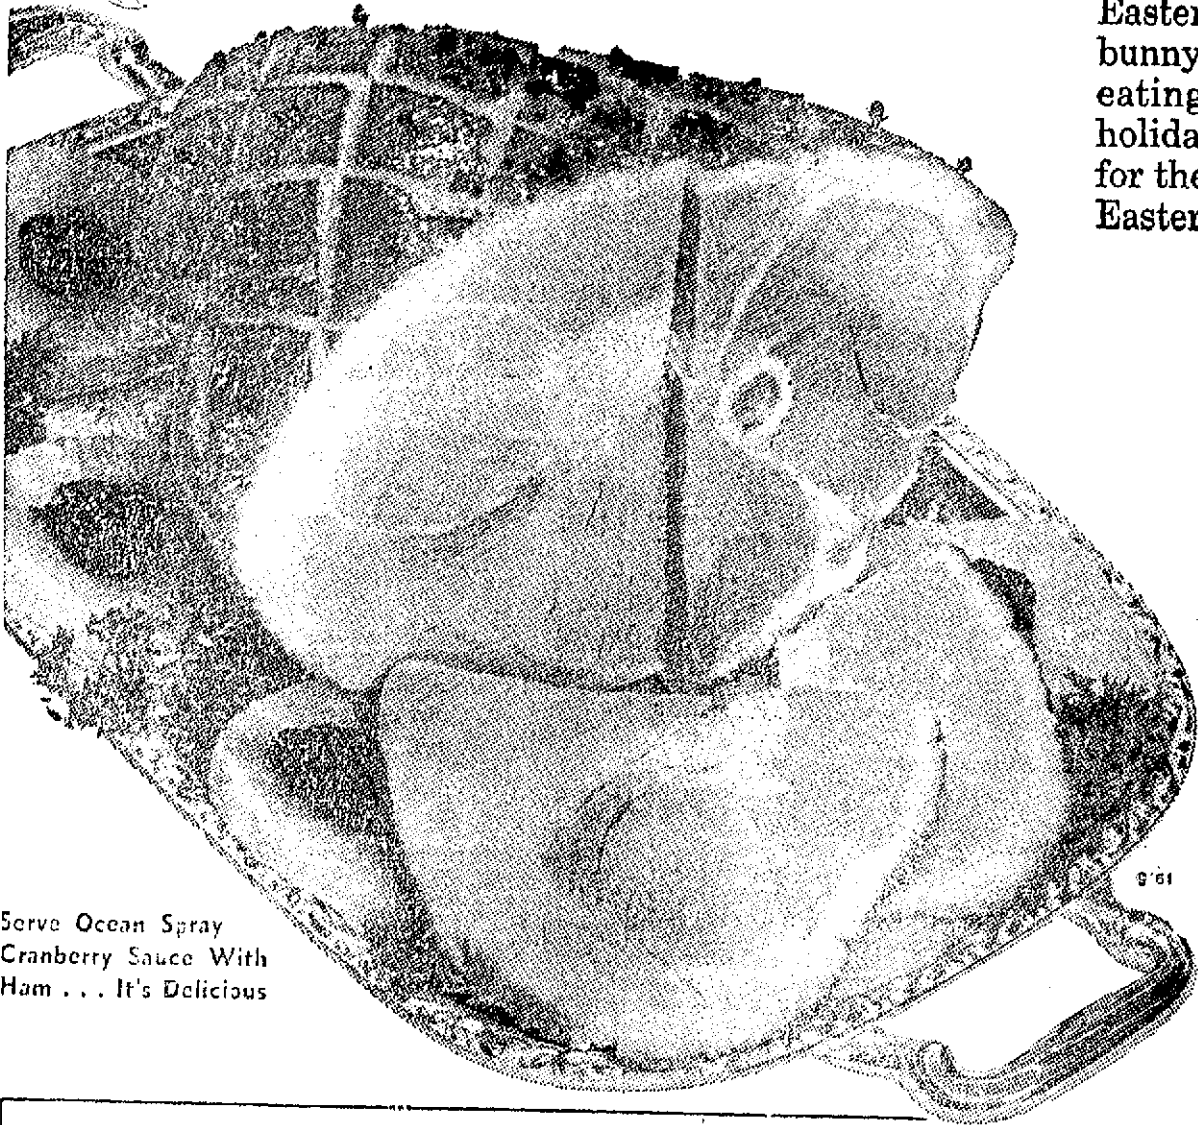

Convenience foods are the keynote to this quick and easy fish casserole. Ready-to-use crisp corn flakes, canned cream of mushroom soup, shredded Cheddar cheese, and canned tuna are combined with seasoning into a delicious easy-to-make casserole. Breakfast cereals improve the nutritive value of recipes when they are used as an ingredient because they make additions of protein, B vitamins, and minerals. Use them frequently to improve the nutritive value of your cooking.

Deviled Tuna with Corn Flake Crunch
1/2 cup butter or margarine 1/2 cup milk
3 cups corn flakes crushed 1/2 cup shredded Cheddar cheese
to make 2 cups
1/2 teaspoon salt 1 tablespoon chopped parsley
1/2 cup chopped celery 1 teaspoon lemon juice
1/2 cup chopped onion 1/2 teaspoon dry mustard
1 can (10 1/2 ounce) cream 1 can (7 ounce) tuna, drained and flaked
of mushroom soup

Melt 2 tablespoons butter or margarine. Add corn flakes and salt; toss to coat corn flakes. Spread 1/2 of cereal mixture evenly over bottom of shallow 1 1/2 quart casserole (10 x 6 x 1 1/2 inches). Sauté celery and onion in remaining 2 tablespoons butter or margarine until onion is soft but not brown. Add soup and milk; heat. Add cheese, parsley, lemon juice, and mustard; mix well. Fold in tuna. Spoon over cereal flakes in casserole. Edge casserole with remaining cereal crumbs. Place in moderate oven (375°F) to heat, about 15 minutes. Yield: 4 servings.

For a Festive Easter
